Sayreville University

Develop Collaborate Achieve

3 Branches of Professional Learning for All Staff

NTI – New Teacher Institute

- Orientation Program
- Monthly Principal Round Tables
- Quarterly Workshops for all first year teachers
- Semester Workshops for all second year teachers
- Mentor Program Induction Coordinator "office" hours

CITI – Curriculum Initiatives Technology Integration

- Workshops offered to support district initiatives and student achievement through content and technology enhancement.

Foundation

- Regulation Training for All Staff
- Centrally Scheduled District Back to School Agenda for All Staff

Where are we now?

- All Staff registration conducted using In-District resources and Technology
  - Sayreville University uses its own district Email Box. Found on Twitter and Facebook.
  - Smore.com advertises the workshop program each trimester. Clickable link available for registration with course descriptions and presenters.
  - Google Forms used to register and create spreadsheets by workshop, date, and attendees. Shared with Dr. Shediak and Mrs. Croddick for approval process. Free Google Add-on allows for automated confirmation letter, survey, and Professional Development certificate via email and Google Drive. AESOP has improved the efficiency of SU paperwork and approval.
- Fostering Teacher Leadership
  - Many Presenters are District Teachers
  - Implementing NJ Achievement Coaches Grant aligned to NJ Achieve and Best Practice
- Virtual Learning
  - Creation of Google Classrooms to promote Independent Professional Learning

2015-2016

2016-2017 (YTD)

13 classes

8 classes

154 students

82 students

Where are we headed?

- Based on a successful workshop with invited South Amboy teachers, SU and Achievement Coaches will continue to invite districts for modules to develop valuable partnerships.
- SU will explore the option of inviting districts to attend workshops for a fee to generate revenue for the Sayreville School District.
- SU NTI extending professional learning to second and third year new teachers.
- Application to present at NJ TechSpo Conference in January. Taking our "Show on the Road."

Staff Development Day, November 8, 2016

- Workshop presenters recruited and include in-district, out-of-district, and community staff. All presenters completed an Information Request Form to develop program and identify needed items for effective sessions.
- Event Program and Registration for almost 600 staff members conducted using Google Docs and Forms.
  - Program emailed with event schedule via email.
  - Links to register emailed with a registration window of 5 days.
  - All staff members will receive an email confirmation of their sessions and Room Numbers. A detachable door prize ticket will be located at the bottom to enter for a prize.
  - 2016 Goal was to provide workshop choice to Secretaries and Paraprofessionals.
- Survey Completion required using Google to produce Professional Development Certificates and collect data to drive professional learning.
- First time lunch offered for $5 to staff who pre-ordered.
