

If you did not have a chance to attend the Board of Education Workshop Meeting held on Tuesday, October 7th, here is some of what you missed:

Dr. Labbe gave a brief presentation on the district's QSAC Statement of Assurance (SOA) self-assessment ratings, which he would ask the Board to approve later in the meeting. According to Dr. Labbe, the district indicated that it achieved 100% compliance in the following domains: Instruction and Program, Fiscal Management, Governance, and Operations. However, the district received only 80% compliance in Personnel because it did not maintain employee medical information in a folder separate from each staff members' personnel file.
