### **Agenda Review**

No changes

### **Athletics**

Policy JJIBB, New Athletic Teams was discussed. Ms. Cuddy-Egbert shared information on costs and participation as well as teams that are up for review. The committee felt it would be helpful to have a list of total expenses for all teams and how much is covered by the District and how the other portion is funded. What are all the associated costs to fund a team? Does the Booster Club contribute towards teams and is it team specific?

The committee also had questions about the late bus. If there is only one late bus where are the stops and at what time? They also asked why there is not a late bus on Friday.
