

# GOVERNOR WENTWORTH REGIONAL SCHOOL DISTRICT Buildings & Maintenance Committee Meeting Minutes

## Time, Date and Location of Meeting

5:35 pm – November 4, 2019 – New Durham School

Present: Julianne Cardinal, Tim Eldridge, Dr. Jim Manning, Dana Streeter, Kathy Cuddy-Egbert, Kathy O'Blenes

## Solar Power Update

Ms. O'Blenes reviewed suggestions made by legal representation for an agreement between the District and Barrington Power for solar power. Because it is a 25 year lease agreement it will need to be approved by the voters so an article will be on the school district warrant. Barrington Power is aware of this and they are prepared to do a presentation at Deliberative Session. Ms. Cardinal asked if they would be able to start work before July 1<sup>st</sup>. Superintendent Cuddy-Egbert said the next step is to schedule a meeting with the Effingham Planning Board.

## CIP Preliminary List

Ms. O'Blenes provided the committee with a current list of capital improvements developed by the district maintenance supervisor and building principals.

## Other Business

Mr. Streeter asked for clarification as to what projects go on the CIP list versus day-to-day maintenance.

The meeting adjourned at 6:15 pm

Recorded by,

Linda Murphy, School Board Secretary
