He went on to captain Brown University's lacrosse team and to serve in the United States Marine Corps as a First Lieutenant. His passionate dedication to family, friends, and his country reflects the guiding principles of each institution he was a part of. This fund supports an annual travel grant enabling Belmont Hill students and teachers to visit World War II sites, memorials, and museums in England, Belgium, and France to enrich their knowledge of history. The trip includes a full-day guided tour of the beaches of Normandy and the American Cemetery where the students walk among the marked graves of the 9,387 Americans who gave their lives for our freedom. The trip is born of Charlie's deep belief in the essential role of the military and the honor in serving
