

## Endowed Chairs

When friends of Belmont Hill establish endowed chairs, they make powerful statements both about the faculty and to the faculty. They remind all of us that our teachers implement Belmont Hill's mission, exemplify the School's traditions, and deserve the greatest respect.

The generosity of our donors, even as they help build the School's endowment, allows us to honor great faculty members who have served Belmont Hill so admirably. Endowed chairs, which are typically awarded for a five-year period, establish a continuing legacy for the donors, while sending a strong message of support regarding those responsible for instructing, counseling, and coaching our boys.

### Byrnes Family Chair in the Humanities

Established in 2000 by Bill Byrnes '40 and Randy Byrnes '65 to honor a faculty member for excellence in the teaching of language, literature, philosophy, history, or the arts and for a broad commitment to students and school life.
