

The questions in this short climate survey are to help us learn if staff members of all backgrounds and identities receive respect and fair treatment in our District.

This data is only reported on groups of 10 or more to avoid potential identification. The climate survey is not connected to your site or department. Nothing in the survey or District software will collect information about your identity. Your email is not connected to the survey.

Please take the time to answer these questions in order to provide us with an accurate picture of the District. When you are finished, you will be directed back to the Research & Reports page. If you have not taken the staff survey related to your site location, please take the survey with the link found in your original email.
