Voting Times

The Town of Effingham will not be holding their town meeting on March 9 like the other cooperative towns and have scheduled for May 11. The District was advised by the State that the ballots of the towns voting on March 9 must be counted and announced immediately, which, unfortunately will happen before the Town of Effingham votes. Ms. Cuddy-Egbert advised against the District holding its own election, due to the lack of experience in running elections, even though it has the authority to do so.

COVID-19 Update/School Schedule

Ms. Cuddy-Egbert said nationwide and in the state COVID cases are trending down. The District's positive cases have averaged between six and eight per week over the past four weeks with limited close contacts. The biggest challenge has been staffing because they may have to quarantine from outside close contacts. School administrators are working on different configurations for students to return in person full time. With cases trending down, increased vaccinations, and with spring coming and more ability to be outside and open windows is a positive in getting students back. CDC is planning on releasing new guidelines; getting children physically back to school. Ms. Cuddy-Egbert said work has begun for a rigorous summer program, this year and next, with more access for students to have tutoring using federal ESER 2 funds. Mr. Widmer went on record to say even when students return to full in-person learning the remote option will be available until the end of the school year. The Board discussed a target date for full in-person instruction.

**Motion:** To make March 22, 2021 the target date to have full in-person instruction for students and to keep the fully remote option in place through the end of the school year for those families who opt for this method of learning.

**Moved:** Ms. Fenderson – **Seconded:** Mr. Eldridge

**Vote:** It was a unanimous roll call vote.

Youth Risk Behavior Survey

Ms. Cuddy-Egbert said it is that time of year when the District needs to decide if they want to participate in the Youth Risk Behavior Survey. She shared the 2019 Youth Risk Behavior survey results and there was some discussion. The survey shows improvement with drug and alcohol use but there is always work to be done. Other areas covered in the survey include physical inactivity, to dietary behavior, to questions related to suicide and risky sexual behavior.

Ms. Seibel asked if the survey can be taken online. She added that she feels the section on sexual and dating violence is not going in the right direction. She wants to make sure programs are in place to make sure kids are empowered to say no. **The Board decided unanimously to delay the Youth Risk Behavior Survey for one year.**
