DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS

4312.42

The Board of Trustees desires to ensure that district-provided transportation is safe for students, staff, and the public. To that end, the Superintendent or designee shall establish a drug and alcohol testing program for all district drivers and other employees who hold a commercial driver's license which is necessary to perform duties related to their employment with the district. This program shall be designed to fulfill the requirements of state and federal law.

The district's testing program shall include pre-employment drug testing and reasonable suspicion, random, post-accident, return-to-duty, and follow-up drug and alcohol testing of drivers. (49 USC 31306)

The Superintendent or designee shall contract for testing services and shall ensure that testing contractors and procedures are certified by the U.S. Department of Health and Human Services to conduct drug specimen analysis and to conform to the requirements of federal law.

No driver may operate a district vehicle when his/her blood alcohol content is found to be .01 percent or greater. A driver shall not consume alcohol while on duty or for four hours prior to on-duty time and up to eight hours following an accident or until he/she undergoes a post-accident test, whichever occurs first. A driver shall not report for duty or remain on duty that requires performing safety-sensitive functions when the driver uses a controlled substance, unless so instructed by a physician. (49 CFR 382.205, 382.207, 382.209; Vehicle Code 34520.3; 13 CCR 1213.1)

Any driver who tests positive for alcohol or drugs or who refuses to submit to a test shall be removed from safety-sensitive functions and may be subject to disciplinary action up to and including dismissal in accordance with law, administrative regulations, and the district's collective bargaining agreement.

The Superintendent or designee shall ensure that each driver receives an explanation of the federal regulations and the district's policy and procedure in accordance with law. In addition, each driver shall sign a statement certifying that he/she has received a copy of the above materials. Representatives of employee organizations shall be notified of the availability of this information. (49 CFR 382.601)

DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS (continued)

Post-Accident

After a reportable accident the employee must be tested as soon as possible after the accident. A reportable accident includes all accidents that involve any of the following:

1. A citation is issued by local police or highway patrol.
2. A vehicle is towed away.
3. An injury occurs.

Alcohol testing must be administered within two (2) hours following the accident. If it is not, the district must document why a test was not given. If the test is not administered within 8 hours following the accident, the district will cease attempts to administer the alcohol test and document why no test was administered.
