

IMMUNIZATIONS

To protect the health of all students and staff and to curtail the spread of infectious diseases, the Board of Trustees shall cooperate with state and local public health agencies to encourage and facilitate immunization of all district students against preventable diseases.

Each student enrolling for the first time in a district elementary or secondary school, preschool, or child care and development program shall present an immunization record from any authorized private or public health care provider certifying that he/she has received all required immunizations in accordance with law. Students shall be excluded from school or exempted from immunization requirements only as allowed by law.

Except to the extent otherwise authorized by law, each transfer student shall present evidence of immunization before he/she is admitted to school. Such evidence may include the child's personal immunization record from his/her authorized health care provider or his/her cumulative file from his/her previous school.
