Ms. Morrissey told everyone the stage is not always full of miscellaneous items but the school is preparing for the PTO yard sale on Saturday, October 12<sup>th</sup>. She said Effingham Elementary is going greener. She introduced students from grade 6 who explained the process of how they compost fruits and vegetables. They distributed a handout on total weight during the 2018-2019 school year and what has been collected this year and involved the school board in a rock-paper-scissors game which is connected to their compost project.

Carroll County Broadband Project

Ms. Cuddy-Egbert introduced Albany Selectman Rick Hiland and Albany resident Steve Knox. The two co-chair a group called Carroll County Broadband. The group wants to bring high-speed internet access to every home and business in Carroll County so the region does not fall behind. The two said the population in the northern part of the state is lower than in the southern part so they are trying to get support by sharing information about the project. A grant application was submitted which will cover a financial and feasibility study which should be done by the end of summer 2020. Right now they are gathering information and formulating a plan and have received interest from 17 of the 18 counties. In the future the group may need help from the district with documentation such as questionnaires.

Town of Ossipee Payment Schedule

Superintendent Cuddy-Egbert said in June, without authorization from the school board, the Town of Ossipee started submitting equal installments for payment due to the district rather than paying the apportionment formula developed long ago for the six towns. The district cannot agree to the Town's schedule because the amount of money needed by the district each month varies.

Medicaid to Schools Program – Emergency Rules

Superintendent Cuddy-Egbert informed the Board of another wrinkle in the funding schedule. She said the Medicaid to Schools program allows districts to seek partial reimbursement for medically related services. However, on August 27, 2019 emergency rules went into effect removing "licensed practitioner of the healing arts" as a person who can order services and requires a medical doctor, PA or ARNP to order these services. This change may hold up or effect district reimbursement. Ms. Cuddy-Egbert said Susan Merrell developed a work around form to help the district receive funds in a timely manner. The State is also using Ms. Merrell's form.

Budget Timeline for 2020-2021

Superintendent Cuddy-Egbert provided the Board with 2020-2021 budget preparation dates and deadlines. The dates will be posted on the district website.

School Enrollment Update

Superintendent Cuddy-Egbert said enrollments show a slight increase.

School Calendar

Superintendent Cuddy-Egbert said next year Labor Day is late which made it difficult to draft a calendar (created with input from teachers and administration). Two calendars were discussed with the Board and both reflect a set end date and three blizzard bag days. One calendar ends June 18 and has students in school on voting days and the other ends June 23 but has students out on voting days. The Board decided to defer on a vote and have Ms. Cuddy-Egbert contact the Town of Effingham and the Town of New Durham to inform them the district is considering holding school on voting days next year and the towns may need to hold elections at another location.

Winter Weather

Superintendent Cuddy-Egbert read a letter to parents notifying them of the winter weather procedures used to decide if school should be delayed, released early or cancelled. The letter will be published on the district and school web pages.

Legislative Update

Superintendent Cuddy-Egbert said the compromise State budget passed. She will have more details on the district's portion of the aid at the next meeting.

School Board Member Resignation

Superintendent Cuddy-Egbert announced that Bridget Edwards has relocated outside of Effingham so she is no longer eligible for her seat on the board as an Effingham member. An ad will be placed for an immediate vacancy with hopes to interview before the next meeting.

NH School Boards Association (NHSBA)

Mr. Widmer said the NHSBA has a collaborative effort with the NH School Administrators Association and the NH School Principals Association which makes the association that much greater. The next meeting is in November but it conflicts with the district's finance meeting.

**VIII. CHAIRMAN'S REPORT**

Mr. Widmer said expressions of sympathy were sent to Cindy Joseph and Maryann Belanger on the loss of family members and to the family of Len Martin on his passing.

**IX. COMMITTEE REPORTS**

Ms. Trites said the discussion regarding the policy on athletic teams is ongoing.
