### Blackhawk Ready!

The stress of the second semester has set in. As a learning community, the safety, health and well-being of our staff and students is incredibly important to us. We want to provide each of you with the knowledge and skills necessary to make healthy decisions in coping with heightened stress, anxiety or depression, while avoiding the use of alcohol, marijuana and other drugs. We are here to support all students. If you need support with current substance use, or to learn more about healthy coping strategies, please reach out to your house. You are too important to us not to!
