

## **Hamilton-Wenham Regional High School GCP Approved Travel Program List**

The following travel programs have been pre-approved as satisfying the criteria for GCP travel. These programs represent a cross-section of the many excellent programs that are available. GCP participants are by no means limited to these travel programs, but should use them as a reference from which to determine if other programs might satisfy GCP criteria.

Please note that GCP participants must receive prior approval for any travel program in order to get GCP credit for it.

Approval may be given retroactively for qualified trips taken prior to the September 2011 launch of the Global Competence Program. The GCP Travel Experience Form is available on the GCP page of the Hamilton-Wenham Regional High School website.

Many programs below offer scholarships. The program contacts will be happy to discuss their scholarship opportunities with you. For suggestions on how to fund your travel experience, please go to the “GCP Travel is within Everyone’s Reach” section of the GCP website.

## 12. The Rotary Youth Exchange

Through the Rotary Club of Hamilton-Wenham, Rotary International, an excellent opportunity is available to you for experiencing another culture as part of your Global Competence Program. Rotary International has a program called Rotary Youth Exchange where students travel from the US to live with families in other countries and students from other countries come to the US to stay with families here. These trips can be for a whole school year (Long-Term Exchange), or for 3-8 weeks (Short-Term Exchange).

For outgoing students, the costs are kept extremely low compared to other programs because Rotary Clubs on both ends are doing much of the organization through volunteer efforts and the host families are volunteering their homes. The costs are limited to a \$65 application fee, a \$150 insurance policy, and air fare. If you are traveling on a Long-Term Exchange, you will even get a monthly allowance to give you spending money while you are there. The hosting Rotary Club pays that expense.

If you are interested, you should first check out the Rotary Eastern States Student Exchange web site ([www.exchangestudent.org](http://www.exchangestudent.org)). Here is a quick excerpt from what you will find there:

"Each year, Rotary Youth Exchange provides about 8,000 young people the opportunity to experience the cultures, problems and accomplishments of people in other countries. Through this Rotary program, students are given the opportunity to grow as individuals while their concept of the world is growing too. Participants return with a broader view of the world and a deeper understanding of themselves.

When these young people become adults, many assume leadership roles in their

communities and bring to these positions the benefits of and insights from their exchange experiences. As a result, Rotary's Youth Exchange program becomes a powerful force in the promotion of world understanding and peace.

Through Youth Exchange, Rotarians seek to provide the best possible environment for students. The program enjoys the advantages of over 30 years of experience and a network of more than 1.2 million Rotarians around the world. This experience and support system ensures the best possible exchange for participants in the program.”

Once you have reviewed the web site, if you are interested, you should call or email the Rotary Club of Hamilton-Wenham.
