Purpose of the SIC Annual Report

Todd Rhine, SIC Chair

Each year the SIC and our administration is charged with an Annual Letter to the Parents/Community to serve as an overview of the current school year’s successes and challenges. Inside this letter you will find many facts, success stories and an outline of our school improvement goals through which we work to close the achievement gap and improve our aca-

ademic standing not only in the state but nationwide. You should know that each year, each school in the district is charged with “raising the bar” when it comes to testing, test scores and how our school is rated. With this being said, Hilton Head Island High School is equal to or better than “schools like ours”. We at HHIHS are fortunate to have an administration,

teachers and staff that go above and beyond for our students and their families. I am proud to serve as a parent leader in the HHIHS community and personally ask that you give of yourself in the next school year to help in our goal to “close the gap”. It is very rewarding to be part of something bigger than ourselves: OUR CHILDREN, THEIR EDUCATION.

International Baccalaureate (IB) Test Information **Diploma Programme (DP) examination results over the last five years**

The International Baccalaureate® (IB) aims to do more than other curricula by developing inquiring, knowledgeable and caring young people who are motivated to succeed. The DP curriculum is made up six subject groups and the DP core, comprising theory of knowledge (TOK), creativity, activity, service (CAS) and the extended essay. A minimum score of 4 on the National Standardized IB end of course test is required for college credit.

Year	Number of IB diploma courses offered	Total number of IB candidates examined	Number of IB diploma candidates	Number of IB certificate candidates	Number of IB diplomas awarded	Number of IB exams administered	Number of IB exam scores between 4-7
2015	23	159	32	127	23	434	320
2014	18	103	21	82	12	283	178
2013	18	102	18	84	9	228	157
2012	17	129	12	111	7	148	86

Advanced Placement (AP) Test Information

Advanced Placement (AP) is a program created by the College Board, which offers college-level curricula and examinations to high school students. American colleges and universities often grant placement and course credit to students who obtain high scores on the examinations.

Year	Number of AP courses offered	Number of AP exams administered	Number of AP Credits Awarded
2015	17	367	154
2014	17	378	232

Strategic Plan Goals of the SIC

Goal 1: Communication and involvement of all parties

- * Engage in a comprehensive process to review, revise and communicate that our purpose is to create student success.
- * Foster collaboration with community stakeholders and use their knowledge, skills and resources to support student learning.
- * Use system-wide strategies to listen to and communicate with stakeholders.
- * Communicate expectations and results for student learning and goals for improvement to all stakeholders.
- * Commit to a student-centered culture based on shared values and beliefs regarding teaching and learning. Support challenging, equitable educational programs and learning experiences for all students. Each school will develop a shared set of values and beliefs and build climate and culture to support the district's mission and vision.

Goal 2: Support Systems for teachers, students, facilities, etc.

- * Mentor qualified professional staff capable of fulfilling assigned roles and responsibilities.
- * Assign professional staff responsibilities based on their qualifications (i.e., professional preparation, ability, knowledge and experience).
- * Ensure that all staff participate in a continuous program of professional development.
- * Assign sufficient staff to meet the vision and purpose of each school.
- * Budget sufficient resources to support educational programs and implement plans for improvement.

- * Monitor all financial transactions through a recognized, regularly audited accounting system.
- * Provide an environment that is safe and orderly for all occupants.
- * Provide technology infrastructure to supports schools' teaching, learning and operational needs.
- * Develop and keep current a written security and crisis management plan with appropriate training for stakeholders.
- * Ensure that each student has access to guidance services that include, but are not limited to, counseling, appraisal, mentoring, staff consulting, referral and educational and career planning.
- * Provide appropriate support for students with special needs.
- * Provide services that support the counseling, assessment, referral, educational and career planning needs of all students. Measurement—State End of Course Test

Goal 3: Teaching and assessing (Academics)

- * Provide equitable and challenging learning experiences that ensure all students have sufficient opportunities to develop learning, thinking and life skills that lead to success at the next level.
- * Promote active engagement of students in the learning process, including opportunities for them to apply higher-order thinking skills.
- * Allocate and protect instructional time to support student learning.
- * Provide for articulation and alignment among grade levels within the school.
- * Implement interventions to help students meet expectations for learning.
- * Provide comprehensive information and media services that support curricular

and instructional programs.

- * Ensure that all students and staff members have regular and ready access to instructional technology and a comprehensive collection of materials that supports the curricular and instructional program.
- * Teachers will participate in collaborative learning communities and other professional learning to improve instruction and student learning.
- * Teachers will implement schools' Instructional processes in support of student learning.
- * Ensure that mentoring, coaching and induction programs support instructional improvement consistent with schools' values and beliefs about teaching and learning.
- * Engage families in meaningful ways in their children's educations and keep them informed of their children's learning progress.
- * Gather, analyze and use data and research in making curricular and instructional choices.
- * Monitor school climate and take appropriate steps to ensure that it is conducive to student learning.
- * Monitor and adjust curriculum, instruction and assessment systematically in response to data from multiple assessments of student learning and examinations of professional practice.
- * School leaders will monitor and support the improvement of instructional practices to ensure student success.
- * Ensure grading and reporting practices on clearly defined criteria that represent the attainment of content knowledge and skills and that are consistent across grade levels and courses.
