

MANKATO AREA PUBLIC SCHOOLS
Independent School District No. 77

**Mankato Teachers Association
Full-time Seniority List**

March 1, 2022

MASTER AGREEMENT
ARTICLE XXIII
FULL-TIME SENIORITY

Section 1. Definitions:

Subd. 1. For the purposes of this Article, and for the purposes of Article XXII and Article XXIV, a "teacher" shall mean a continuing contract teacher, including classroom teachers and all other continuing contract professional employees required to hold a license from the Minnesota Department of Education.

Subd. 2. For the purposes of this Article, "full-time seniority" shall mean full-time employment for at least 100 days during the school year under a continuing contract with a full-time seniority date as determined by Section 2 hereof involving continuous service with the School District. For purposes of full-time seniority standing, it is understood that a teacher on unrequested leave of absence pursuant to this Agreement shall continue to accrue full-time seniority during such leave of absence.

Subd. 3. Notwithstanding any other provision of this Article, a continuing contract teacher who has held seniority as a full-time teacher shall continue to retain the original full-time seniority date and hold full-time seniority if such teacher becomes employed in a part-time position involving continuous service.

Section 2. Establishment of Seniority: A teacher who has completed the probationary period and has achieved continuing contract status within the School District, and who is employed on a full-time basis for at least 100 days during the school year, shall acquire full-time seniority rights in the School District and shall be placed on the appropriate full-time seniority list(s) in accordance with the following provisions.

Subd. 1. Full-time seniority rights shall be granted within an area of licensure and a teacher shall appear on the full-time seniority list within that area of licensure if the teacher is licensed in and is currently teaching at least one class for at least 100 days during the school year in the School District in that area of licensure.

Subd. 2. Once a teacher has been granted full-time seniority rights within an area of licensure in accordance with Subd. 1 hereof, he or she shall maintain full-time seniority rights within that area of licensure and shall continue to appear on the full-time seniority list for that area of licensure if and only if one or more of the following conditions is met:

1. The teacher is licensed in and is currently teaching at least one class for at least 100 days during the school year in the School District in that area of licensure.
2. The teacher is licensed in and taught at least one class in the School District in that area of licensure for at least 100 school days following the date on which the teacher's license was most recently renewed, or during the five-year period immediately preceding the date on which the teacher's license was most recently renewed, or within the past ten (10) years if the teacher holds a life license.
3. At least forty-five (45) of the teacher's continuing education clock hours approved at the time the teacher's license was most recently renewed were directly related to the area of licensure. Any disagreement regarding the direct relationship of continuing clock hours to the area of licensure shall be resolved by the Meet and Confer Council, and shall not be subject to the grievance procedure.

Subd. 3. Within an area of licensure, any teacher who fails to satisfy at least one of the conditions set forth in Subd. 2 shall not continue full-time seniority rights within that area of licensure and shall not appear on the full-time seniority list for that area of licensure.

Subd. 4. If a teacher who has lost his or her full-time seniority rights within an area of licensure for failure

to comply with at least one of the conditions set forth in Subd. 2 should subsequently reestablish his or her full-time seniority rights within that area of licensure by meeting one of the conditions set forth in Subd. 2, his or her full-time seniority date within that area of licensure shall be July 1 of the school year during which he or she reestablished his or her full-time seniority rights within that area of licensure.

Subd. 5. Beginning with the 2006-07 contract year, and except for the non-classroom areas specified below, a teacher's initial full-time seniority date shall be the first day of service for all new teachers who start at the beginning of the normal contract year. For purposes of this section, the normal contract year shall include days designated for new teacher workshops. The seniority date will be the actual beginning date of employment for teachers who are scheduled to begin work prior to the beginning of the contract year, or for teachers who begin work after the beginning of the contract year. If a teacher holds licensure in more than one area, he/she shall be granted full-time seniority in each area from this date if the conditions in Section 2, Subds. 1 and 2 have been met. In the event that two (2) or more teachers have the same full-time seniority date, the teacher with the highest degree shall be the most senior. In the event that two (2) or more teachers have the same full-time seniority date and equal level of degree, the teacher with the lower file folder number (as assigned by the Professional Educator Licensing and Standards Board) shall be the most senior.

Subd. 6. In specific areas of non-classroom licensure, a teacher's initial full-time seniority date shall be the date on which the teacher's appointment to a full-time position in that area of licensure was officially approved by School Board action. These specific areas of licensure are: administration, curriculum development, and school psychologist.

Subd. 7. In specific areas of special temporary license permissions, including but not limited to out-of-field permission, innovative program permission, and discretionary variances, teachers who have achieved continuing contract status will be placed on the full-time seniority list for the license area in which the teacher has special permission. Said teacher will be considered to be the least senior in that license area, regardless of hire date.

Section 3. Seniority Lists:

Subd. 1. Publication: The School District shall establish and maintain a full-time seniority list for each area of licensure. A preliminary list shall be published on January 15th of each year. An official list, incorporating any changes resulting from the appeal process set forth in Subd. 2, shall be published on March 1st of each year, and a copy shall be forwarded to the Association. This official list as published on March 1st, and as amended in accordance with Subd. 3, shall govern the application of the unrequested leave of absence provisions of this Agreement (Article XXII) until thereafter revised.

Subd. 2. Appeal: Any teacher who believes that the preliminary seniority list as published on January 15th is not accurate shall submit a written appeal to the Director of Human Resources on or before February 1st. A meeting of the Meet and Confer Council shall be convened to consider all appeals submitted on or before February 1st. The decision of the Meet and Confer Council shall be final and shall not be subject to the grievance procedure or to arbitration.

Subd. 3. Extension of Deadlines: By mutual written consent between the parties, an appeal submitted after February 1st may be submitted for consideration by the Meet and Confer Council. In such instances, if the Council's decision upholds the appeal, and the official seniority list has already been published, a copy of the Council's decision shall be attached to and shall become part of the official list.

Subd. 4. In the event a tenured teacher is placed on ULA, his/her areas of licensure will be seriously considered for appointment to retain employment.
