

9-12 ELA CURRICULUM ADOPTION

STUDYSYNC DIGITAL CURRICULUM

When you log in to the sample account you will see a variety of texts, skill lessons, writing lessons, and grammar lessons that have been assigned from the Core ELA. If you click on the Library tab, you can browse all texts in the StudySync library for all grade levels. Please keep in mind that StudySync has excerpts of novels and they provide novel guides, but StudySync does not provide full novels within the platform. If a novel is taught, it must be on the District Literature List, and it will be provided by the teacher.

Click on the link or use the QR code to log in to McGraw Hill, and then enter the username and password for the grade level you would like to view.
