

Spring Oaks Middle School Family and Parent Engagement Policy

Recognizing that parent and community involvement are essential in promoting student achievement; Spring Oaks Middle forms an alliance with parents in developing a home-school partnership. This is outlined in our Home/School Compact which was developed by parents, teachers and students. The instructional program, including the state guidelines for 6-8th grades, SBISD required assessments, and students' progress will be communicated throughout the year. Through special scheduled activities, parents will have numerous opportunities to participate and be involved in their children's learning.

Title I regulations require that each school served under Title I jointly develop with and distribute to parents, a written parental engagement policy agree on by the parents that describes the requirements outlined in Title I law.

A. Policy Involvement

- 2. Offer a flexible number of meetings:**

In September and March, parent conferences are held to inform about grade level expectations and their child's specific progress. In addition, strategies are shared to help their child practice skills at home. Our campus care team is available as a resource for parents. Formal trainings are scheduled throughout the year guided by parent input and survey data and vary in date/time.
