

## Celebrating a New Auditorium A 2017 Bond Project

SPRING BRANCH INDEPENDENT SCHOOL DISTRICT

### Stratford High School

14555 Fern Dr., Houston, TX 77079

Principal: Raymorris Barnes

Stratford High School's new 35,405 square-foot auditorium addition provides seating for 1,000 and brings incredible style and functionality to the auditorium, which supports the award-winning drama program, Stratford Playhouse. Additional work throughout the existing campus was also completed, which helps to support and enhance the overall campus use and function. The original school was built in 1973.

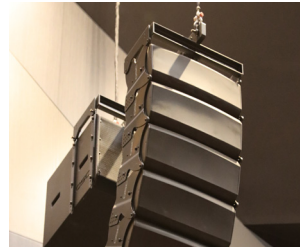

#### Building

The new auditorium design was a collaboration between Spring Branch ISD, PBK Architects, and the project advisory team, comprised of staff, students and parents. Satterfield & Pontikes Construction served as the Construction Manager at Risk for the project.

#### Design

The details of the new auditorium complement the style and design of Stratford. The west facade features brick artwork in the shape of the school's mascot, the Spartan. The auditorium has an outdoor plaza and a large two-story open lobby area. The 1,000 seat auditorium has the latest in sound, lighting and acoustics.

#### Improvements

Campus improvements include the replacement of roof top mechanical units, new roofing systems, added air conditioning to corridors, two additional classrooms, four extra flex learning spaces, and updates to the lobby, reception and clinic areas. The cafeteria also now opens to the commons area, and a collaborative learning space.

#### Athletics

Upgrades to the athletics facilities include the replacement of the two gym floors and bleachers and the installation of a synthetic turf play field.

**Thank you to  
our community for  
your support  
of the 2017 Bond.**

Great schools. Great community.

**BOND**  
**2017**  
Spring Branch ISD

In the school district's 75th anniversary year, Spring Branch ISD celebrates the opening of the newly constructed auditorium and campus upgrades at Stratford High School. The new auditorium and other campus improvements provide critical upgrades identified for Stratford High School thanks to the generosity of our voters. Approved by 80 percent of the vote in November 2017, the 2017 Bond Program continues the transformation of district facilities that began with the 2007 Bond Program.
