

# PULSE 2022

*Pre-health Program for  
Underrepresented  
Leaders in  
STEM  
Education*

**APPLICATION IS NOW OPEN  
FOR STUDENTS CURRENTLY IN GRADES 8-11**

## **Neuroscience & Behavioral Health: What makes your brain special?**

**Mondays, 4 - 6 p.m., September 12, 2022 - December 12, 2022**  
(No class on October 10 or November 21)

**\*\* OPTION TO APPLY FOR THE IN-PERSON or VIRTUAL EXPERIENCE! \*\***

### **WHAT YOU WILL LEARN:**

- How the brain works
- Information about neurological disorders
- How the brain, behavior, and emotional well-being are impacted by trauma, sleep, and more!

### **WHAT YOU WILL DO:**

- Engage in mentoring with medical students.
- Read and discuss research articles.
- Participate in lectures, small-group problem-based discussions, health careers panels, and anatomy and simulation labs

Penn State College of Medicine is committed to increasing diversity in medicine. Students from backgrounds that are historically underrepresented in medicine are strongly encouraged to apply for this program. Click [here](#) for more information from the Association of American Medical Colleges.

**\*\* NOTE:** changing COVID guidelines may require a transition to a fully virtual program for all participants at any time.

**Application deadline:**  
**APRIL 20, 2022**

(Applicants will be notified in May.)
