Dr. Henry Webb, Superintendent of Schools

Dear Parent/Guardian,

Welcome to the Kenton County School District! We look forward to working with you and your child. A critical component in the enrollment process is obtaining up to date health information on all students. Whether your student is enrolling for the first time, transferring from a school in another state or country, or a school in our district or a neighboring district, the following chart will help you get the appropriate information to us. All documentation must be on the required Kentucky forms.

Document	Deadline	Additional Information
Immunization Certificate	Upon enrollment	Must be current & valid with all immunizations up to date upon and throughout enrollment
Physical Exam	Preschool upon Enrollment others within 30 days of enrollment	Required for 1st entry to a Kentucky public school and for all children enrolling in 6th grade May be completed up to one year prior to initial entry.
Vision Exam	January 1st of first year of enrollment for a 3, 4, 5, or 6 year old child.	Must be performed by an optometrist or ophthalmologist
Dental Exam	January 1st of enrollment year in kindergarten for a 5 or 6 year old child.	May be completed by a dentist, dental hygienist, physician, registered nurse, nurse practitioner, or physician assistant. Must be between Jan. 1 & Dec. 31 of the year the child enrolls in kindergarten.

In order to comply with state guidelines, adherence to these guidelines must be enforced. Appointment cards or other notification of appointments past these deadlines are not evidence of compliance. Failure to submit the above mentioned documents in the timeframe indicated will result in students being unable to attend school until the documents are received.

Please see your healthcare provider for the above mentioned documentation. If you have additional questions, please contact the school nurse.

Thank you in advance for addressing the health needs of our students.
