Principal: Dan Schacherer
Assistant Principal: Elizabeth Hathaway
Guidance Counselor: Christina Durso
Secretary: Melissa Lemming
Financial Secretary: RaeJean Weaver
Family Resource Coordinator: Susan Martin

8/12/21

Welcome to our car rider pickup system, CarRider Pro. The pickup line procedure is for you to display your car tag from your rearview mirror. You will drive down the right side of the building and need to make the entire loop behind the building passing by the box that is located next to the steps leading to the library. The box located there is the actual card reader. Once you drive past the box it will read the tag hanging from your rearview mirror and alert us that you are here. Then proceed to the side cafeteria door. The system is designed to safely & efficiently identify students and place them in line accurately.

Enclosed is your new car tag from CarRider Pro.

Some key points to remember:

*Please make sure this tag is hanging in your car. Without the car tag you will be required to go to the front office to provide identification and sign your student out.

*The first two tags are free. Additional tags or replacement tags are \$5.00 each.

*You will keep this tag year after year.

*We can group students by family and car pool.

If you have any questions, give us a call.

Sincerely,

Mrs. Hathaway
