

LEAD-IN-WATER ANNUAL NOTICE

Minnesota Statute 121A.335 requires public school buildings serving kindergarten through grade 12 to test for lead in water every 5 years. This statute also requires school districts to make the results of the testing available to the public for review and to notify parents of the availability of the information.

Faribault Public School District has a lead in water management plan and testing program that complies with Minnesota Statute 121A.335, as well as recommendations from the Environmental Protection Agency's (EPA's) Lead Contamination Control Act (LCCA) of 1988 and the Minnesota Department of Health (MDH).

For more information on the district's lead in water testing program, please contact Kain Smith, Director of Buildings/Grounds at 507-333-6032.
