

Comment on American Rescue Plan (ARP) ESSER III use of funds

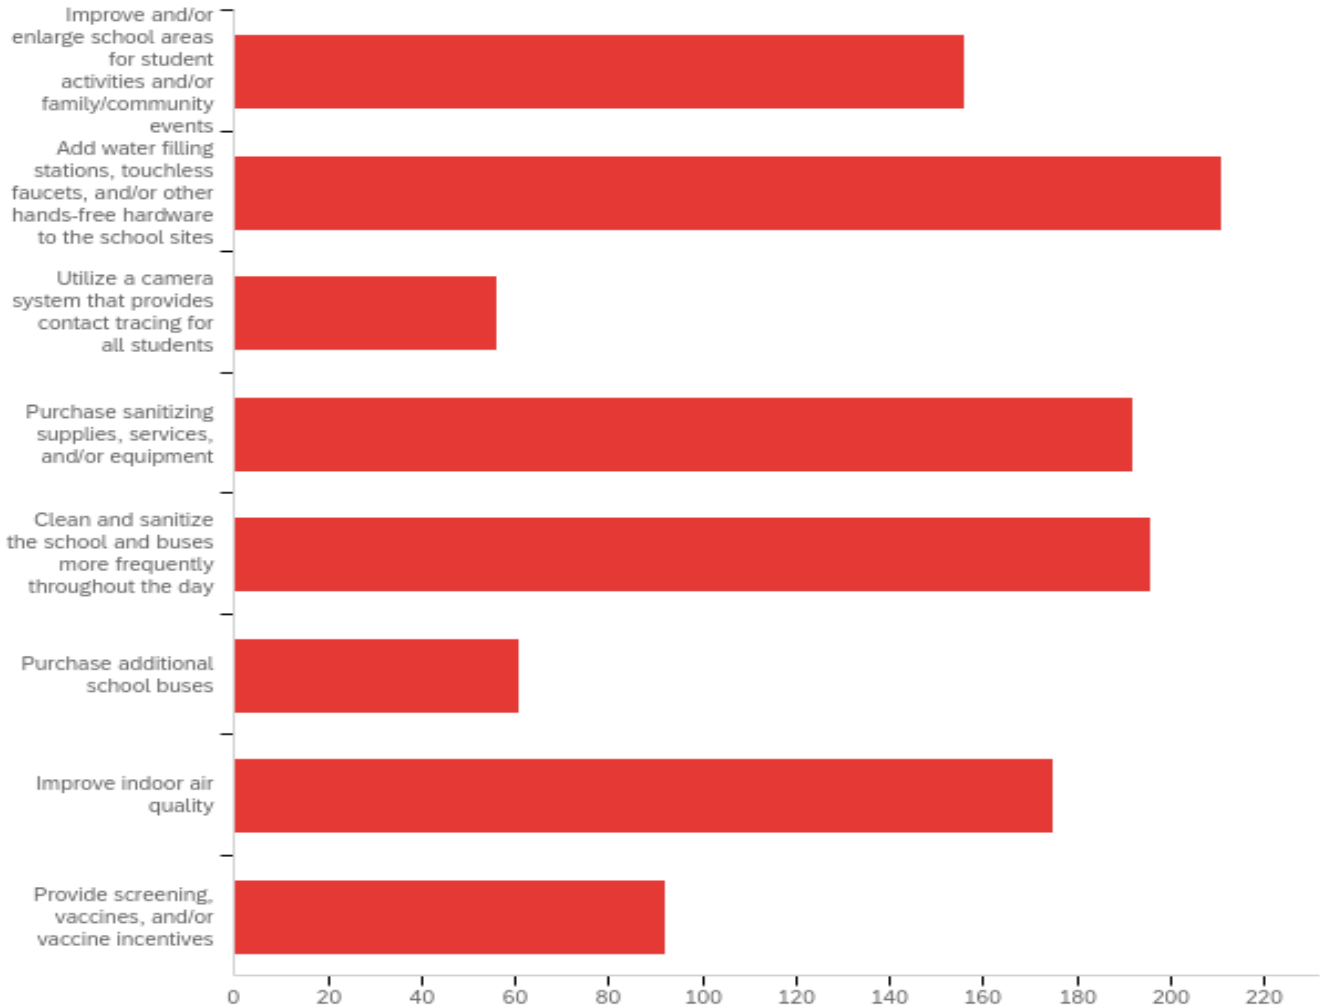

July 30th 2021, 12:40 pm MDT

Q1 - To enhance student academic learning/achievement, to close the learning gaps, and address learning loss, I would like to see the district provide the following. More than one box may be checked.

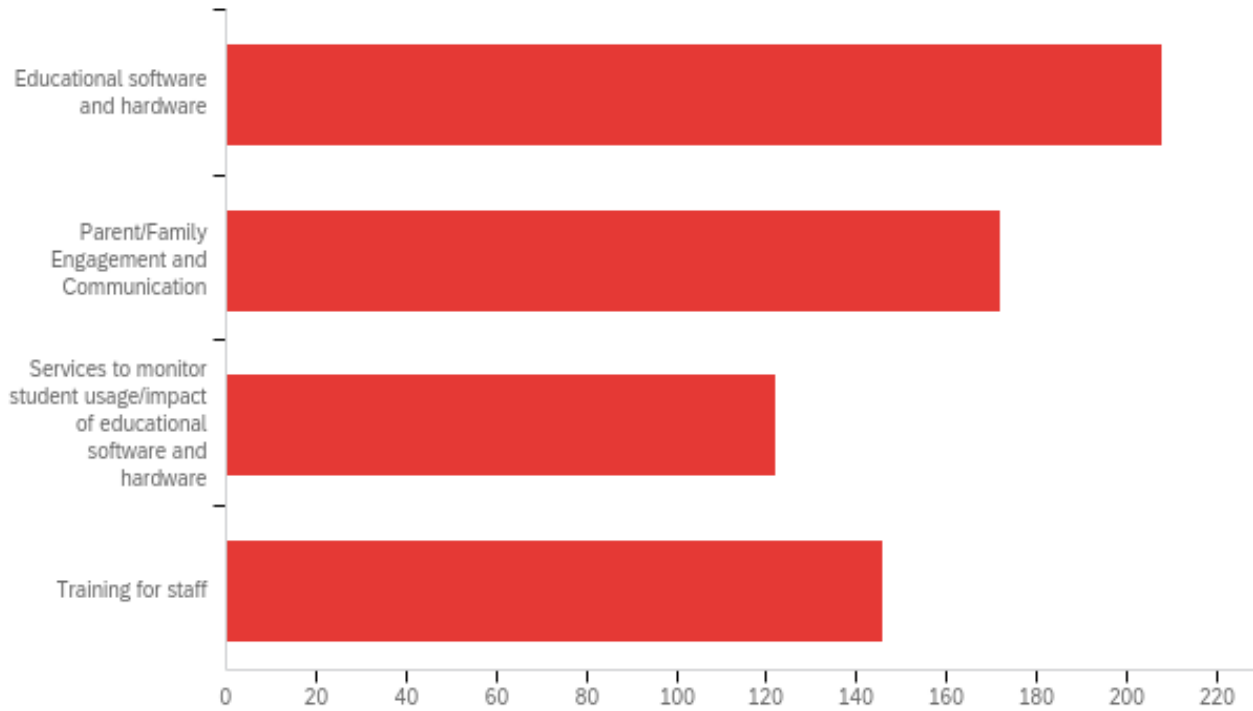

#	Answer	%	Count
1	Additional remediation and/or enrichment during school breaks	17.75%	128
2	Mental health/behavior services and supports	24.55%	177
3	Additional Teachers/Interventionists	20.11%	145
4	Full-time substitute teachers and/or intervention assistants	16.92%	122
5	Educational software and/or hardware	20.67%	149
	Total	100%	721

Q2 - As a measure to reopen and operate schools to effectively maintain the health and safety of all due to the COVID-19 virus, I would like to see the following measures take place. More than one box may be checked.

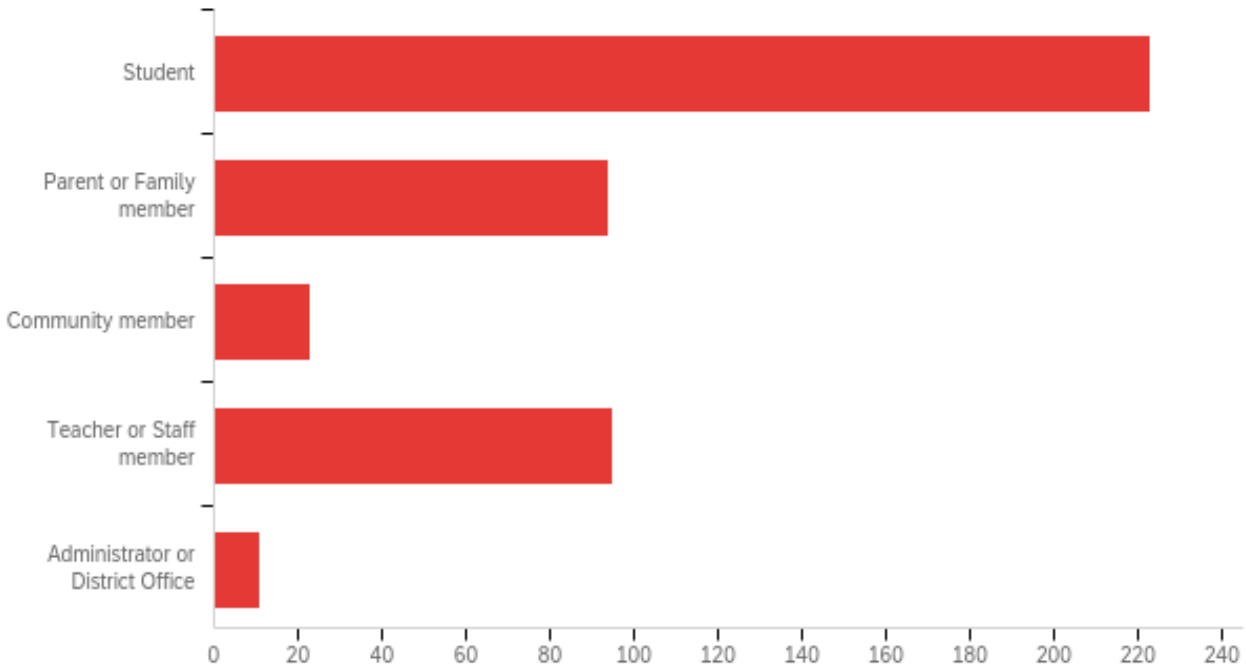

#	Answer	%	Count
1	Improve and/or enlarge school areas for student activities and/or family/community events	13.70%	156
2	Add water filling stations, touchless faucets, and/or other hands-free hardware to the school sites	18.53%	211
3	Utilize a camera system that provides contact tracing for all students	4.92%	56
4	Purchase sanitizing supplies, services, and/or equipment	16.86%	192
5	Clean and sanitize the school and buses more frequently throughout the day	17.21%	196
6	Purchase additional school buses	5.36%	61
7	Improve indoor air quality	15.36%	175
8	Provide screening, vaccines, and/or vaccine incentives	8.08%	92
	Total	100%	1139

Q3 - To enhance student academic learning/achievement and/or to aid in classroom instruction and possible virtual learning, I would like to see the following actions take place. More than one box may be checked.

#	Answer	%	Count
1	Educational software and hardware	32.10%	208
2	Parent/Family Engagement and Communication	26.54%	172
3	Services to monitor student usage/impact of educational software and hardware	18.83%	122
4	Training for staff	22.53%	146
	Total	100%	648

Q4 - Please identify your role in the Columbia School District below. More than one box may be checked.

#	Answer	%	Count
1	Student	50.00%	223
2	Parent or Family member	21.08%	94
3	Community member	5.16%	23
4	Teacher or Staff member	21.30%	95
5	Administrator or District Office	2.47%	11
	Total	100%	446

Q5 - Comments and/or additional ways you would like funds spent:

Comments and/or additional ways you would like funds spent:

Hire more teachers and staff.

more fun activities

better equipment for students

Re-build gym

new desk

new desks

It could be spent on more things to ensure our health during COVID-19

have more freedom when it comes to phones

better supplies

more items at the school

Do more PBIS trips throughout the year

Better classroom equipment for science projects

I would like for us to get special seat for rewards to the students who try their best.

add more ways for students to learn to socialize together

better hardware for the school

in sports for basketball shoes, jersey, and water fountain

better food, better seating, and better equipment

sports

N/A

More fun activities for everyone.

more activities

I do not think any more funds should be spent on technology until we have staff that knows how to use the technology we already have.

on tutoring if needed help

Better Buses

better food in the cafeteria

For some people, financial struggles are due to not bringing in enough money. For many others, though, the problem comes from not spending money wisely or from spending more money than they make.

For some people, financial struggles are due to not bringing in enough money. For many others, though, the problem comes from not spending money wisely or from spending more money than they make.

The cleaning of our building remains an issue. It doesn't feel or look clean.

more in vending machine and

On some very good soap for my hand

Cleaner bathrooms, maybe remodeling them? and the holes on walls

I would like to spend the money on sports equipment

To students who need it

For trips and more fun events

No comment

n/a

No

Additional ways I would like funds to be spent is for the student's enrichment purposes.

Better laptops.

Positive Incentives

More funds towards the fine arts program.

on new bath rooms because the ones now nasty

N/A

Y'all need a pressure wash the high school.

n/a

On the basketball gym

Useful ways

Art department. More artistic activities

bigger cafeteria

no

Improve water quality as well as offering water instead of milks at lunch. Milk at lunch can cause disturbances for students with extracurricular activities such as band or baseball.

band

Technology

Nothing i have to say

Better food.

FREE PS5 FOR EVERYONE

Give each student five \$ every day

The funds should be spent on events like a trip for good behavior

The entire third grade would benefit from new desks and chairs in all of the classrooms. They are extremely old compared to the desks that the 4th and 5th grade classrooms have. Every year, one of my chairs hurts my students my pinching their fingers, pulling their hair when it gets caught, etc. Most of the chairs we have do not match as well. The learning environment is so important to students and I want to make our classrooms as comfortable as the classrooms on the other halls are at CES.

Better surveillance of kids struggling and more help for them, better communication and possible solutions from teachers to parents, easier format to use than canvas

We REALLY need a covered area for our students to play when the weather is poor or things might be unsafe. Our students are not getting enough activity due to lack of area of Pe/activities/family events.

I would love to see some type of gymnasium or building built at CES to be utilized by our PE teacher for PE, or recess, on excessively cold and hot days, as well as the many rainy days we are prone to have.

Gym built for CES Some type of safety screen around CES fences for safety concerns Completed fence with gate by 5th grade wing Gazebo taken down and replaced with either a tin roof or a covering for sunlight Woodchips for safety around equipment and more barriers around equipment

New desks and chairs

New desks and chairs for 3rd grade.

Lunch needs to be more nutritious and the variety of meats and vegetables must improve. Hungry students can't learn optimally.

Please keep schools open. There is no substitution for in person learning

After school Tutoring programs that students have to be referred to by teachers so that they get the help that is needed

I would love a magnetic white board and manipulative. There are so many tools for teaching that can be used with a magnetic board.

give teachers a raise and forget all this covid bull****.

Temperature checks throughout the school day More school buses to minimize contact and have shorter bus rides.

The company cleaning the schools should not get paid another dime. They are so rude, take things, and actually cause us to have to do our own cleaning and purchase our own supplies. We need to hire internal employees do someone can have all the information.

I do believe in Training the staff. Providing higher learning for the kids. Homework is something that should be done. This is when kids really are learning. My child get bored from what he say so keeping the kids focus is a big thing also. Indoor activities or out door they need fans on the play ground for teachers and kids. For as the water filling station and faucet need to be touch less. Kids are not mindful of germs they just think about playing and having fun.

Dyslexia therapy!

A Parent Center to be used to educate and help parents.

Dyslexia Therapist

Increase pay for bus drivers. This is very important.

Please use some of these funds to fix, replace, or cover the cafeteria windows at CES.
