March/April

Physical Education

Every year we support and participate in the BlueCross BlueShield of Mississippi GET READY TO RUN kids one-mile fun run. This year it will be held at the local schools during the school day. Our event at NWRE will be on Friday, April 29. Please take a few minutes to register your child for this free event. All students will participate, but we would love to have 100 / registered through Get Ready To Run! Registration on this web site will end on April 1. Each student who registers will get a "bonus blue" 10 cougar cash!! Thank you for your support! www.getreadytorunms.com

Thank you, Coach Mills

S Dr. Seuss week was last month, so we celebrated by reading a Dr. Seuss book in class and having each student draw their favorite Dr. Seuss character from any book of their choice! There were some really cute characters!

T We have been super busy in STEM designing our Spring Break trips out of legos for our younger students and a destination place for our older grades. They planned a trip using google docs/slides and came up with different places they wanted to go for the week!

E ITEMS NEEDED FOR STEM: WE CAN ALWAYS USE CLOROX WIPES, TAPE, GLUE STICKS, AND LEGOS!

M

MUSIC

In March 4th and 5th graders we have continued learning the ukulele. Like I mentioned before, currently we have 12 ukuleles which accommodate for half of the class to play as the other half is singing. This has worked well in the learning process! With the remaining grades we have continued learning about music from around the world. Last month we had learned about Japanese music. This past month we learned about music from Newfoundland, Austria, Switzerland, and briefly began talking about Irish music which is where we will be for most of the month of March! I look forward to continuing teaching music from around the world!

ART

Hello, Cougars! I hope you all had a wonderful and much needed spring break. I can't believe we are already to the 4th 9 weeks of the school year! This year has flown by so fast. In art, we have been focusing on Pablo Picasso and his cubism style by doing portraits. Your students are finding it so fascinating by his style and his paintings. In the coming weeks we will continue with looking at some greats: Monet, Van Gogh and Warhol. Thank you for your continued support!

~Mrs. Young
