

# Lehigh District Cubs in Space Day Camp

**A great way to  
explore camp  
before staying  
overnight**

## FUN & EDUCATIONAL OUTDOOR ACTIVITIES & ADVENTURES

Launch your summer to the moon and join us as we take a journey to space! Join us for three days of outdoor fun at lovely Camp Spirit; where your child will get to enjoy nature and learn all about space, while having lots of fun along the way. In addition to camp favorites like archery and the BB range, children will enjoy plenty of activities that will take them into space. Whether building a Mars rover, launching rockets, colliding asteroids, or racing a spaceship, this will be a weekend they don't want to miss.

**This camp is open to all youth entering Grades 1-5 in the region!**  
Whether a child is a scout or not, camp is an awesome experience filled with learning and fun!
