

**To:** Parents/Guardians of Crismon Elementary School Bus Riders

**Subject:** Revision to School Bus Drop-Off Schedules

Hello Everyone!

The Benjamin Franklin Charter School Transportation Department is always looking for opportunities to create a safer environment for our student riders. Another level of safety has just been added at our Crismon Elementary School Campus. During the Spring Break a physical barricade was installed in the School Bus Loading Area. The purpose of the barricade is to separate vehicle traffic from the students that are boarding the buses on the shared roadway.

**Benefits of the change are:**

1. The barricade will prevent students from entering the roadway other than at the crosswalk.
  2. Parents/Guardians picking-up students will generally not be required to stop while the buses are loading students, allowing for improved traffic flow. A crosswalk guard will still be posted to stop traffic for crossing pedestrians
  3. Student riders will no longer assemble in the gym prior to bus loading. They will head directly to their bus after the bell rings. Kindergarten students will still be escorted to their bus.
- **NEW Bus Departure Time will be 3:08 pm** (*current departure 3:22 pm*)
  - **NEW Bus Drop-Off Times are included below listed by Route and Stop**

The change in drop-off time will be effective the afternoon of **April 4, 2022**.

Parents are encouraged to discuss these changes with their students, highlighting the need to board the bus in a timely manner as well as the new drop-off time.

Any students that are not on the bus at departure time will need to be picked up at the school.

Thank you for your support!

Regards,

Benjamin Franklin Charter School Transportation Department
