

Quick Tip – Scheduling Screen

Students-Student Profile-Scheduling-Current-Options: Click on Display Class Start Date in Student's Schedule.

This is helpful when trying to problem solve individual student scheduling problems. You can see the start date of each class without having to click on the “view transactions” button.

The screenshot shows the 'Current Scheduling (Main Screen)' interface. The 'Students' menu is highlighted in the top navigation bar. The 'Current' option is selected in the left sidebar. The 'Options' button is highlighted in the top right of the main content area. The 'Current Scheduling (2015-16)' section shows a table of classes with columns for Prd, Trm, Str Trm, Stp Trm, Course, Description, and Str Date. The 'Options' button is highlighted in the top right of the main content area. The 'Default Settings' panel on the right shows the 'Display Class Start Date in Student's Schedule' checkbox checked under the 'Schedule Display Options' section.

Prd	Trm	Str Trm	Stp Trm	Course	Description	Str Date	Days
1	01	S1	01	02	H80475/01	Percussion	09/08/2015
2	02	S1	01	02	HV8085/01	MIVHS AP Physic	09/14/2015
3	03	S1	01	02	H81094/01	AP Government	09/08/2015
4	04	S1	01	02	DE2019/04	DE ART-120	09/08/2015
5	05	S1	01	02	H80753/01	AP Calculus	09/08/2015
6	06	S1	01	02	DE1005/06	DECR ENG-102	09/08/2015
