

Unified School District of De Pere Parent/Guardian and Student take home iPad Agreement

Take Home Policy

Apple iPads only connect to the internet via a wireless network connection, therefore a wireless network and internet access is required in order to utilize an iPad at home.

Initial iPad Distribution

The iPads will be existing devices from our inventory and are not brand new devices. We are aware that these devices may show some signs of physical wear and tear, but are functional and properly working intact devices.

All devices will be tagged with district asset tags and labels identifying the device. These labels need to stay attached to the device.

The following items are included during this distribution:

- Apple iPad
- Power brick and charging cord
- Some devices may come with a protective case

Liability

The Unified School District of De Pere reserves the right at any time to demand the return of the issued iPad at any point in time. This agreement will run until the end of the school year, but may be terminated earlier. Failure to return the iPad and peripherals to the district on or before the assigned date may result in criminal charges brought against the student and/or the person in possession of the device. In the event of theft, vandalism and other criminal acts, the student or parent/guardian MUST file a police report within 48 hours of the occurrence. Incidents occurring off-campus must be reported to the police by the parent/guardian and a copy of the report provided to the school. Students will be charged replacement cost for any parts that are vandalized, damaged, or missing upon return of the iPad and peripherals. Replacement costs will be capped at the full replacement value of the iPad and power adapter (approximately \$350).

Appropriate Use

Take home devices must be used in the same manner that they would be used inside the district. Students are expected to abide by the same policies listed in their [student handbook \(pages 30-33\)](#). The assigned student and/or family will be held responsible for all activity and any misuse that occurs on the iPad.

Parents/Guardians

I have read the Computer Technology section of the [student handbook \(pages 30-33\)](#) and this take home device agreement, and have discussed the guidelines with my student

Students

I have read and abide by the Computer Technology section of the [student handbook \(pages 30-33\)](#). I understand that any violation of the terms and conditions set forth in the policy and guidelines is inappropriate and may constitute a criminal offense. I have read this take home agreement and agree to the liability terms set forth in this agreement.
