[Link to AP Overview](#)

### When

#### [AP Exam Testing Calendar \(link\)](#)

- When to report to your testing room:
  - **Morning Exams:** Plan to be in your testing room by 7:40AM. The Preadministration instructions will begin at 7:50 AM; the exam will start after 8:00 AM.
  - **Afternoon Exams:** Plan to be in your testing room by 11:40AM. The Preadministration instructions will begin at 11:50 AM; the exam will start after 12:00 PM (*unless an AM test runs long for that room, then students will wait outside the test room*)
- **Late arrivers** will not be admitted into the testing room after the timed portion of the exam begins.
- **When you get to the test room**, locate your seat number prior to entering the room (seat assignments will be posted outside of the testing rooms). When you enter the test room, put your snack or lunch in the designated area and turn off all electronic devices and place them in your bag.
- **Students may not be dismissed until an exam has officially ended** and may not ask to leave early if they finish before the end of the exam. If students play a sport or have a job, it is their responsibility to inform the coach or employer of an AP Exam obligation, and arrangements should be made accordingly.

### Where

Testing will take place at the [FISD Annex building located at 402 Laurel Drive \(map link\)](#). Note this is a large complex and we will be testing at multiple locations within the Annex. See the **map at the bottom** of this document for detailed information about testing room locations and parking information.

Information on **testing room locations** will be sent via e-mail from Total Registration. When you receive these messages, please be sure you keep them for future reference.

## Transportation

**FHS will NOT provide transportation to or from exams.** It is the student's responsibility to secure transportation. Students must arrange to arrive at the testing site with adequate time in order to park and walk to the testing location. We cannot delay the start of the test to wait for students to arrive.

## What to Bring

### Required Items

- Bring your **ID** (government or school-issued ID) to all AP exams. ***Students will not be allowed to test without a picture ID.***
- Bring a **calculator** if you are allowed to use one on your exam. [Approved Calculator](#) list (check this list and consult with your math teacher about which type to bring). Also bring extra batteries for your calculator.
- Bring two sharpened **#2 pencils** and two black or dark blue **pens** to all exams. *No mechanical pencils are allowed.*
- Bring a **watch** (it cannot beep or have an alarm). Smart watches are prohibited. You have to manage your own time during the exam (proctors will indicate how much time remains during exams).

## Timing Estimate

Each of the 38 exams has its own unique requirements; however, almost all of the exams have the following things in common. Details about each subject are on the [exam pages](#).

- Most exams are 2–3 hours long.
- The first part of the exam usually consists of multiple-choice questions.
  - You will choose 1 of 4–5 answer choices for each question and use a pencil to bubble in your choice on your AP answer sheet for paper and pencil exams.
  - Your total exam score on the multiple-choice section is based only on the number of questions answered correctly. You won't receive or lose points for incorrect answers or unanswered questions.
- The second part of the exam usually consists of free-response questions that require you to generate your own responses. Depending on the exam, your responses could be in the form of an essay, a solution to a problem, or a spoken response.
  - For paper and pencil exams: In most cases, you'll be writing your response in pen in the free-response exam booklet.

**\*If you are planning to pick your student up from the exam, tentatively plan for the following:**

- **8AM** exams typically conclude around 12 (note if this is a large exam it is possible it may end later due to it taking longer to pass out materials/get everyone seated, etc.)
- **12PM** exams typically conclude around 4 (note if this is a large exam it is possible it may end later due to it taking longer to pass out materials/get everyone seated, etc.)

## Practice for AP Exams

The best way to prepare for an AP Exam is to participate in your classes. It also helps to set aside consistent study time, complete all assignments from your teacher, and become familiar with the exam by practicing with exam questions created by the AP Program. The AP Program releases the free-response questions for exams that have them. We also post sample student responses and scoring guidelines for past exam questions so you can see why a real exam taker got the score they did.

## Lunch

### **For Students with Two Exams in One Day:**

You will need to manage your lunch time if you have two exams in one day. You should bring a sack lunch to ensure you have something to eat between the two exams. Please plan to eat a snack at break time during your first exam, have a quick sandwich (for example) between the tests and have another snack during the break of the second exam. You will be required to go straight from one test to the next. You can eat your lunch outside of your 2nd testing room. You will not be permitted to leave to go buy lunch.

**For Morning-Only Exam Students:**

Students taking the morning exam will have one hour from the release time of their morning exam to eat and return to campus. Students are expected to be parked and in their class within one hour of being dismissed from AP testing. The attendance office will be notified of who was present/absent from the exam and when to expect morning testers to return.

**For Afternoon-Only Exam Students:**

Students taking the afternoon exam will be released from campus at 10:45 AM. Students will have one hour to eat, park, and get to their assigned testing room by 11:50 AM. Students taking an afternoon exam are not expected to return to campus after the conclusion of their afternoon exam. The attendance office will be notified of who is testing in the afternoon.
