

**Proposed
Elementary
Attendance Zones**

2023-24

Demographic Study

- Fall 2017, PASA conducted a demographic study of student growth within Friendswood ISD boundaries.
- Adjustments were made to elementary boundaries for the 2018-19 school year. During this adjustment, a future bond was under consideration and a potential Cline replacement was included in the discussion.
- During the bond development process, in the fall of 2019 PASA conducted an update of their projections and potential elementary attendance boundaries were discussed.
- To date, we have seen our growth lower than the “low growth” estimates

Guiding Principles set forth by FISD School Board

- Stability (not rezoning for at least 3 years - through 2020-21 school year)
- School must reside in its own boundary
- Keep neighborhoods together or use natural dividing line
- Contiguous boundaries
- It is acceptable to drive by another school to get to zoned school
- It is acceptable to rezone families that were impacted by Harvey
- It is acceptable to have homerooms in portable buildings
- Prioritize efficient transportation

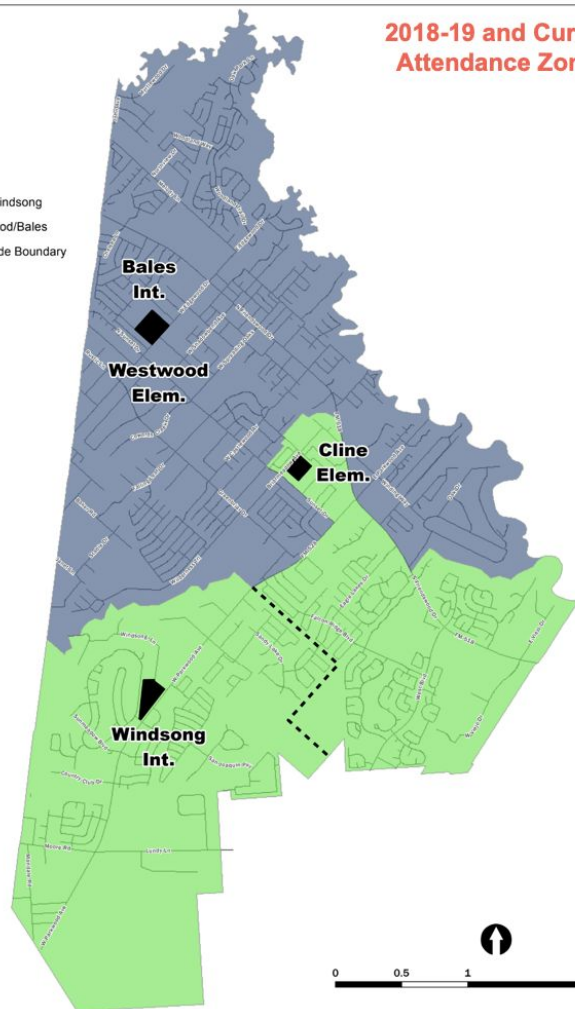

Timeline

- Fall 2021 ~ School Board established K-5 attendance zones
- Spring 2022 ~ Revisit guiding principles and share proposed boundaries to various community groups (District Advisory Committee, Superintendent's Advisory Committee, Campus PTOs)
- April 2022 ~ present proposed boundaries to School Board during April meeting
- May 2022 ~ School Board consider approval of proposed boundaries
- March 2023 ~ announce tentative staff assignments
- June 2023 ~ finalize staff assignments

Proposed 2023-24 Attendance Zone

- The area around the current Cline campus would all be rezoned to WWB
- 528 would serve as a major dividing line between the WWB and the other two campus
- The area south of 528 would be rezoned to the new Cline campus (Lowelands, Parkwood Village, Friendswood Forest, Polly Ranch Estates, Fieldcreek Forest, Eagles Point, Winding Way Estates, Leisure Estates)
- Cline/Windsong line would follow the current 3rd grade line which is the utility easement which runs through the Eagles Lakes subdivision
- Driving down Friendswood Parkway, the line would be at the intersection of of Avalon Blvd (Between Avalon and Sterling Creek)

Considerations

- Zone transfers
 - Currently we have 92 students in grades K-5 who are children of employees living outside of the district
 - Currently we have 132 students in K-5 who are attending a different school than where they are zone
- Grandfathering Possibility - current 3rd grade students (this number includes current 3rd grade zone transfers)
 - 21 current Cline students moving to Windsong
 - 9 current Cline students moving to Bales for 5th grade
 - 27 current Windsong moving to Cline for 5th grade
 - 7 current Windsong students moving to Bales for 5th grade
 - 16 current Bales students moving to Cline for 5th grade
