

Puget Sound Skills Center
Summer Session
Attendance Policy

Summer Session at PSSC has two primary objectives. The first is to provide new students an overview of, and orientation to, an occupation. The second objective is to provide a capstone project to students who have completed a program. To meet these objectives during the summer session, regular attendance is necessary. A summary of the summer session attendance policy is as follows:

- A student missing more than *2 days* will NOT earn credit.
 - No “make-up” arrangements allowed and NO Excused absences.
 - An early dismissal or late arrival exceeding one hour will be counted as an absence.
 - Three early dismissals and/or late arrivals (not exceeding one hour) will be counted as one absence.
- A student exceeding the limits of the above attendance requirements may continue attending class with the understanding that no credit will be earned.
- Any student exceeding the limits of the above attendance requirements will receive an NC grade on their high school transcript.
