Call to order 6:31 pm

Minutes reviewed. Minutes accepted without changes

6:33 Agenda was reviewed.

6:38 Discussion about board feedback. Committee members discussed impressions and thoughts about the past two board feedback meetings. The committee largely felt that recommendations and evaluation are ready to be finalized. Evaluations of current facilities is complete, and options for future facilities have been made after significant research and discussion. It is now up to the board to take further action based on these evaluations and recommendations.

7:18 Committee reviewed the working draft of recommendations. Several small changes and clarifications were made as part of the discussion, but the committee reached consensus on the overall content.

7:44 Committee discussion about impressions of the the revised recommendation document.

Consensus was that report is good and nearly complete, but requires some minor edits. Committee will meet again to finalize the document.

8:05 Meeting adjourned.
