Students Second grade through Fifth grade have completed their Aimsweb Math Benchmark testing this week. Kindergarten and First grade students will complete this the week after Spring break, starting on Monday April 11.

kindergarten
registration

Parents of incoming Kindergarten students for the 2022 - 2023 school year.

County - wide kindergarten/ preschool registration day is Friday, April 15th from 8 am - 4 pm.

When coming to register on that day, please bring the required paperwork with you.

Parents, please help us to be prepared for the next school year by completing your online enrollment of incoming Kindergarten students early.

After you enroll your child, we will process the application and call you to set up an appointment for you to bring your child to SES for a screening: **April 15, April 22, April 29.**

Today, SES had their **Annual field day**. Due to the low temperatures and rain, the event was moved inside. All students got to enjoy a variety of games !

Thank you to the teachers that help working the games: Mr. Earl Rice, Mrs. Cindy Sumpter, Mrs. Kirsta Carter, Ms. Skylin Clark, Mrs. Susan Hoseclaw, Ms. Lindsay Lovins, Mrs. Tammy Leese, Ms. Sandy McDowell, Mrs. Dena Gibaszek and Ms. Dawn Pyles.

We couldn't have done it without you!!! A big thank you to the cafeteria staff for their flexibility of serving their lunch differently and a shout out to all the home room teachers and students!! We had an awesome time!

To the Parents of all Fifth grade students.

Please be aware that that the state of Kentucky requires your child to have a school physical in order to attend the Middle School. This can be done up to one year prior to enrollment. Spring break and Summer break would be a great opportunity to get this completed.

If you have already completed the KY school physical and have an updated immunization record, or you are getting this physical completed before the end of THIS school year, please be sure to turn in a copy to our school nurse to update your child's records and add to your child's school records. All fifth grade records will be sent on to the middle school at the end of this school year.

If you complete this during the summer, please turn your paperwork in to the Southern Middle School guidance office, in order for your child to be entered into a homeroom and receive a class schedule.

Students are required to have their shots: TDaP and Meningococcal vaccines. The HPV vaccine is optional.

Immunization records have to be up to date.

The LMCA Mobile Health Clinic will be at SES on April 12th. If you are interested in your child having their physical and shots, please contact the school nurse or the clinic to set up an appointment.

Please be aware, that if your child's requirements are not complete, your child will not be placed in a homeroom or receive a schedule of classes at the middle school!

The vision for Southern Elementary students is that every student is proficient and prepared for success by becoming college and career ready.
