

# Installing Apps with JAMF Teacher

<p>1. Locate the <b>JAMF Teacher</b> icon on your iPad</p>	
<p>2. Prompts for App Privacy, Bluetooth, Location services, and notifications will appear. Select <b>OK</b>, <b>Allow</b>, and <b>Continue</b> where applicable.</p>	
<p>3. Once the Teacher App has opened <b>Select the My Resources</b> Category which should appear as a yellow block in the app.</p>	
<p>4. You should now see your list of approved apps. You can <b>scroll through</b> the list, or use the <b>search feature</b> to look for an app.</p>	
<p>5. Once you have located a desired app <b>Select Get</b> to download the app to your iPad.  a. You can return to your iPad home screen and verify the app installation.</p>	
<p>6. Apps can also be removed by following the same process and <b>Selecting Remove</b>.</p>
