Athletic/Activity Attendance Policy

- Participants must be enrolled in a course load that will earn a minimum of 2 ½ units of credit per semester (minimum of five .5 credit classes).
- Students must be in attendance at school all day in order to participate in any school-sponsored activity that is conducted on that day unless it is for a **documented absence**. Participation in extra-curricular activities is a privilege, not a right. Students earn that privilege by being present in class.
- Students missing for a documented absence (medical, dental, etc) must present a note from the doctor's office in order to participate on that day.
- If a student is **ill** for any part of the day, he or she is ineligible to participate in any school-sponsored activity conducted that day (game or practice). We will run daily attendance reports to notify coaches/sponsors of participants who were marked "ill" each day.
- In case of emergency or extenuating circumstances, the Athletic Director, Principal, or designee may grant an exception to this limitation if notified prior to the absence occurring.
- Every Tuesday, we will run an attendance report for extra-curricular participants. If any participant has an unexcused or unresolved absence, he or she will be ineligible for the following week (Monday through Saturday). The participant will have until noon on Friday to clear any unexcused or unresolved absences. Absences not cleared by Friday cannot be fixed the following week.
- The first time a participant's name appears on the report they will be given a warning but will be eligible for the following week.
- If the same participant's name appears on the report the second time they will be ineligible the following week.
