Gull Lake Families,

I hope everyone had a relaxing spring break! I wanted to remind everyone of the current GLCS sick and COVID-19 policies. Thankfully we had a window where we were seeing minimal cases, however we are now seeing COVID-19 numbers increasing again. Please continue to adhere to the following policies to help protect each other, including the most vulnerable in our schools, and community as a whole.

MDHHS, and the Kalamazoo County Health Department have released new [COVID-19 guidelines](#) as of 3/11/2022. Please note that these are the current protocols. As new variants arise or the risk level changes in our community, district protocols may be changed to reflect this.

Students and staff are encouraged to still wear masks as part of a layered mitigation strategy. Masks will continue to be available at GLCS for students and staff who request them. The GLCS testing Center remains open for walk in testing Monday through Friday from 8 am - 10 am. **Please note upcoming the testing centers upcoming closures on May 13, 2022, May 23, 2022 and May 25, 2022.**

Good communication is key. Please let me know if you have any questions. You can find FAQ's and testing information on the Gull Lake website under COVID updates.

Thank you,

Megan Asper RN BSN
