

## **Pandemic Electronic Benefit Transfer (P-EBT) for School Year 2021-2022**

Some families with students in qualifying P-EBT schools, will receive P-EBT benefits for the days school meals could not be accessed due to COVID-19 between the months of September 2021 through May 2022.

Students must be certified as eligible for free or reduced-price meals through the National School Lunch Program during the current school year. Receiving meals at no cost this year does not automatically qualify your student for P-EBT. Contact the Nutrition Services Department if your household needs to confirm eligibility or apply for free or reduced-price meal benefits. Household applications must be submitted to Nutrition Services no later than May 6, 2022, to determine free or reduced-price meal eligibility for P-EBT benefits. To fill out an application for the free or reduced-price meal program and for instructions on how to do so, follow this link: <https://www.davis.k12.ut.us/departments/nutrition-services/free-reduced-price-school-meals>.

The Department of Workforce Services has posted additional information for parents/guardians about school year 2021-2022 P-EBT program. Information regarding summer 2022 P-EBT benefits will be posted when available. Go online to <https://jobs.utah.gov/covid19/pebt/to> learn more.

We encourage students to continue participating in school meal programs. To learn more about school meals visit our website at <https://www.davis.k12.ut.us/departments/nutrition-services>.
