Some Specialty Drugs may qualify for third-party copayment assistance programs that could lower your out-of-pocket costs for those products. For any such Specialty Drug where third-party copayment assistance is used, the Covered Person shall not receive credit toward their maximum Out-of-Pocket or Deductible for any Copay or Coinsurance amounts that are applied to a manufacturer coupon or rebate.

Mandatory Generic Program

The Plan requires that pharmacies dispense Generic Drugs when available. Should a Covered Person choose a Brand Name Drug rather than the Generic equivalent, the Covered Person will be responsible for the cost difference between the Generic and Brand Name Drug in addition to the Brand Name Drug Copay, even if a DAW (Dispense As Written) is written by the prescribing Physician. The cost difference is not covered by the Plan and will not accumulate toward your Out-of-Pocket Maximum.

90-Day Supply – Maintenance Medications

This Plan will allow maintenance medications to be filled at any retail pharmacy and through mail order in 90 day quantities. Covered Persons benefit from paying only 2 Copays for a 3 month (90-day) supply.

Mandatory Specialty Pharmacy Program

Self-administered specialty drugs that do not require administration under the direct supervision of a Physician must be obtained directly from the specialty pharmacy program. For additional information, please contact the Prescription Drug Card Program Administrator.

Specialty drugs that must be administered in a Physician's office, infusion center or other clinical setting, or the Covered Person's home by a third party, will be considered under the Medical Benefits section of the Plan. Those drugs that can be self-administered and do not require the direct supervision of a Physician are only eligible under the Prescription Drug Program.
