1. 5th Hour

This is our first year of this. It is only for Seniors. It gives them the chance to get 5 classes in but still have an early release. The 5th hour students get out at 12:40 with 5 classes instead of 1:10 at the end of 6th hour. About 100 Seniors took the opportunity this year for the 5th hour. We will look into offering this again next year for those Seniors.

2. Tax Credit Uses (Second page)

We like to use it for uniforms for teams, covers for the track to drive over it, equipment, etc.

We have to let designated tax credit money sit in the account for 2 years before we can move it to "general" if it doesn't get used.

Voted on the second sheet of all the accounts so they can spend the money. The vote was unanimous.

General Tax donations to be spent as the principal approves for eligible TC activities to include field trips, TC scholarships, and sports PF.

Can't waive fees for classes but we can waive participation fees based on circumstances.

3. Unplug & Play Weekend

If you had kids in the district last year, we had the weekend last weekend in February where we had no homework and no tests on Monday.

Was it valuable and do we want to have on in the Fall (HHS only) and Spring (all district)? Last year Pinnacle did one each quarter but they are doing it different this year.

Bring ideas to IDL's in the first Thursday of October. We will have feedback at the next meeting.

Ideas for which weekend would be extended weekends like Veteran's Day Weekend or Thanksgiving Break.

4. Spanish Immersion

This is from kids who have been all through elementary school (Sandpiper) and middle school (Sunrise) with spanish immersion. The start of the kids are going to be here next school year. This will cause some difficulties because it will take up one of their class periods which will 8 credits in Spanish by the time they graduate. This will be 4 years of spanish but we need to add it to another class. Thinking maybe PE since it is required. We have 2 teachers on campus who have degrees in history and spanish where we could add it to history for this group of kids.

5. Fall Showcase

In the past we do our new student parent night in January. Now everyone is doing showcases in the Fall to engage open enrollment. The other 4 high schools are doing theirs in October so maybe we will do ours at the end of October or earlier in November? We could use choir, AP capstone, Spanish Immersion, and Dual Enrollment.

6. Dress Code

We do not have enough people on this campus to monitor all the kids on campus. Our dress code is super lenient this year. This year we allow spaghetti straps. They basically just can't show their midriff or have their bra hanging out the side. (Lily) I honestly don't think the kids care if they get dress coded.

We will address it again in the next newsletter to the parents. Link the dress code.

7. From the Floor

- (Lori) Parking lot issues, Greenway Lot. Got here early this morning and was pulling out in the out only by the baseball field. The mom was having kids pulling in where she was trying to leave and getting flipped off by kids.
- (Lori) Site Council rep for PAWS - Generically report what they were talking about? (Kellie) Gave a recap of what we talked about (ie. dress code and parking lot).

Ended: 3:16

Future meetings: 10/14, 11/18, 2/03, 4/6, & 5/4
