**Maximizing Learning For All Students
Through Rigor, Relevancy and Relationships**

Whatever It Takes!

~ Making it Happen – Whatever it Takes! ~

“Together we are Extraordinary and Accomplishing Great Things!”

Date: **February 22, 2017**

1. **REQUEST FOR INFORMAL BIDS.**

Project Name/Description: **DOOR REPLACEMENT AT VARIOUS SCHOOLS**

- PROJECT No. 1 – Chubbuck Elementary School – 600 W. Chastain
- PROJECT No. 2 – Ellis Elementary School – 11888 N. Whitaker
- PROJECT No. 3 – Lewis & Clark Elementary School – 800 Grace Drive
- PROJECT No. 4 – Tendoy Elementary School – 957 E. Alameda
- PROJECT No. 5 – Washington Elementary School – 226 So. 10th Ave.
- PROJECT No. 6 – Highland High School – 1800 Bench Rd.
- PROJECT No. 7 – Alameda Middle School – 845 McKinley Ave.
- PROJECT No. 8 – Franklin Middle School – 2271 E. Terry
- PROJECT No. 9 – Maintenance Shop – 185 E. Maple

2. The Pocatello / Chubbuck School District No. 25 will receive informal bids for the above project until **10:30 AM, March 8, 2017.**

The work shall include labor and materials required to complete the above described project as shown on the attached drawings and specifications.

Walk-thru will be held at **February 28, 2017 at 2:30 PM.** Meeting place will be at Maintenance and Operations, 185 Maple, Pocatello, Idaho.

Informal bids shall be based on provisions of Section 44-1001 and 44-1002 of the Idaho Code dealing with labor preference and Section 72-1717 dealing with alcohol and drug-free workplace.

The contractor will be required to coordinate his work with Randy Gwynn, School Plant Coordinator, 185 Maple, Pocatello, Idaho (208) 233-2604.

Education Service Center (Administrative Offices)
3115 Pole Line Road • Pocatello, ID 83201-6119 • (208) 232-3563

Page Two
February 22, 2016

All work is to be accomplished between June 5, 2017 and July 31, 2017. Failure to perform the work within this established time period will be grounds for withholding an appropriate amount of the \$200 per day compensation as damages for the delay.

For any project above \$10,000, Contractors and Specialty Contractors must have a Public Works Contractors license as suitable for work to be accomplished on this contract.

The Contractor agrees to pay all state sales and use taxes, building permits and any other permit needed to complete this project.

For any project above \$10,000, a performance bond and labor and materials bond each in the amount of one-hundred percent (100%) of the contract amount will be required for work accomplished on this contract **prior to the start of any work.**

Plans, specifications, proposal forms and other information are available at the following locations:

School District No. 25
Administrative Offices
3115 Poleline Road
Pocatello, Idaho 83201

School District No. 25
Maintenance & Operations Dept.
185 Maple
Pocatello, Idaho 83201

Sincerely,

Bart J. Reed
Director of Business Operations

DISTRICT REPRESENTATIVE:

Refer all questions to Mr. Randy Gwynn, School Plant Coordinator, at (208) 233-2604. Contact with other district staff, Board of Trustees, or Administration, will be by written permission only.

Before submitting a proposal, the bidder shall:

- A. Carefully examine the specifications.
- B. Visit the worksite.
- C. Be fully informed of existing conditions and limitations.
- D. Include in the bid, sums sufficient to cover all items required by the contract, and shall rely entirely upon his own examinations and measurements in making his proposal.

HOLD HARMLESS AGREEMENTS:

The District expects your work to conform to professional standards. The contractor is expected to hold the District harmless for all damages or claims arising out of the work performed by the contractor. The District will not agree to hold the contractor harmless for damages or claims.

LAWS AND ORDINANCES:

The contractor hereby binds himself to protect and save harmless the owner from all damages arising from the violation of any and all Federal, State, County, City, and all other laws, rules, regulations, in the performance of the terms of the contract.

CONTRACTOR'S LICENSE:

In compliance with Idaho Laws, the contractor must be registered with the State of Idaho, and hold the required Public Works Contractor's License before obtaining the contract documents and before submitting a bid for this work.

BIDS:

BIDS will be received on or before **10:30 AM, March 8, 2017**. The owner reserves the right to accept or reject any part or all bids.

Bidders submitting a "Bid" on this work will be required to figure and furnish everything as called for by these specifications and the requirements of the "Bid" sheet.

BIDS NOT DELIVERED BY CONTRACTORS AT TIME OF BID OPENING MUST BE RECEIVED IN MAIL NO LATER THAT **4:00 PM ON March 7, 2017** THE DAY BEFORE THE BID OPENING.

EXAMINATION OF THE SITE AND DOCUMENTS:

Contractors are encouraged to attend the pre-bid conference held at **2:30 p.m. on Tuesday, February 28, 2017**, at the Maintenance Department, 185 Maple St.

INTERPRETATIONS:

Should a bidder find discrepancies in or omissions from the specifications, or be in doubt as to their meaning, he should at once notify the Owner, who will send written instructions or addenda to all bidders. The owner will not be responsible for oral interpretations. Questions received less than 48 hours before time for bid opening cannot be answered. All addenda issued during the time of bidding will be incorporated in the contract.

BID GUARANTEE:

As a guarantee that, if awarded the contract, the bidder will execute same and furnish bond. Each bid will be accompanied by a Certified check, Cashier's Check, or Bid Bond for not less than five percent (5%) of the base bid payable to the Owner. NO PERSONAL OR COMPANY CHECKS WILL BE ACCEPTED.

INSURANCE:

All contractors who provide goods or services to the District are required to provide the District with certificates of insurance for General Liability, Auto Liability, Workers Compensation, and Professional Liability if applicable.

The General Liability and/or Professional Liability certificate must name the District as an additional insured under the contractor's policy.

Certificates are to be provided to the District prior to any work commencing on District property. This would include the placement of any equipment or materials at the work site.

Minimum Insurance Limits

General Liability	\$1,000,000 per occurrence \$1,000,000 products and completed operations \$1,000,000 annual aggregate
Auto Liability	\$1,000,000 per occurrence
Worker' Compensation	Statutory

OBJECTIONS:

Written objections to specifications or bid procedures must be received by the clerk, secretary, or other authorized official of the District at least one (1) business day before the date and time upon which bids are scheduled to be received, per Idaho Code Section 68-2806(c).

PERFORMANCE BOND:

The successful bidder will be required to furnish a 100% performance bond when entering into the contract work, per Idaho Code Section 54-1926, "...conditioned upon the faithful performance of the contract in accordance with the plans, specifications and conditions thereof."

PAYMENT BOND:

The successful bidder will be required to furnish a 100% payment bond when entering into the contract work, per Idaho Code Section 54-1926, "solely for the protection of persons supplying labor or materials, or renting, leasing, or otherwise supplying equipment to the contractor or his subcontractors in the prosecution of the work provided for in such contract."

EVIDENCE OF QUALIFICATIONS:

Upon request of the owner, a bidder whose bid is under consideration for award of the contract shall submit, promptly, satisfactory evidence of his financial resources, his experiences, and the organization and equipment he has available for performance of the contract.

5% RETAINAGE:

The Owner will retain 5% of the Contractor's earned sum to ensure faithful performance. This 5% will be released to the Contractor upon receipt of approval from State of Idaho. The five percent retention may be used by the Owner to offset any and all losses incurred by Owner in the course of the performance of the Contract by Contractor, including but not limited to tax liens, defective performance, defective products – including those of subcontractors or other damage caused by Contractor in the performance of this Contract. Owner shall provide Contractor with a written itemization of all sums retained by Owner at the time of its issuance of final payment. Under no circumstances shall Owner retain more than five percent of the contract price without written agreement of Contractor.

FORM WH5:

Per Idaho Code Section 54-1904A, within thirty (30) days of award of bid, the contractor shall file with the State Tax Commission a form WH-5, Public Works Contract Report.

EMPLOYMENT OF RESIDENTS OF IDAHO:

In compliance with Idaho Laws, Section 44-1001 and 44-1002 Idaho Code, the contractor must employ ninety-five percent 95% bona fide Idaho residents as employees on any such contracts except where under such contracts fifty (50) or less persons are employed the contractor may employ ten percent (10%) nonresidents, provided however, in all cases such employers must give preference to the employment of bona fide Idaho residents in the performance of such work.

OWNER/CONTRACTOR AGREEMENT:

The Agreement for the work will be written on a District provided Form of Agreement between Owner and Contractor where the basis of payment is a stipulated sum.

EQUIPMENT:

The contractor shall provide all labor, materials, tools, and equipment, etc. necessary for the complete and substantial execution of everything described in the specifications.

SUPERVISION:

The supervision of this work will be done by the Maintenance Department.

STORAGE OF MATERIALS:

The contractor shall make arrangement and coordinate with the Maintenance Dept. for storage of materials. Any damages of life or property caused by storage of materials on the above indicated place, shall be paid for by the contractor, who shall hold the owner harmless for any damages concerning the same.

INSPECTION OF WORK:

The representative of the owner shall at all times have access to the work wherever it is in preparation or progress and the contractor shall provide facilities for such access and for inspection.

CLEAN UP:

The contractor shall at all times keep the premises free from accumulations of waste material or rubbish caused by his employees or work, and at the completion of the work he shall remove all his rubbish from and about the building and all tools and surplus materials and shall leave his work clean. Contractor shall back fill with dirt, sod or asphalt, where applicable. In case of dispute, the owner shall remove the rubbish and surplus materials and charge the cost to the contractor.

CHANGES IN THE WORK:

The owner, without invalidating the contract, may order extra work or make changes by altering, adding to or deducting from the work, the contract sum being adjusted accordingly. All such work shall be executed under the conditions of the original contract, except that any claim for extension of the time caused thereby shall be adjusted at the time of ordering such change.

The total allowance for combined overhead and profit for changes shall be included in the total cost to the owner and shall be based on the following schedule:

- A. For the Contractor, 10% over cost.;
- B. For the Sub-Contractor, 15% over cost to be divided 10% for Sub-Contractor and 5% for Contractor; and
- C. For any Sub-Subcontractor, 15% over cost to be divided 5% for Contractor, 5% for Sub-Contractor, and 5% for Sub-Subcontractor.

WARRANTY:

Manufacturer shall warrant products under normal use and service to be free from defects in materials and workmanship for a period of one year from date of delivery.

Warranty shall cover repair or replacement of such parts determined defective upon inspection. Warranty does not cover any product or part of a product subject to accident, negligence, alteration, abuse or misuse. Warranty does not cover any accessories or parts not supplied by the manufacturer.

Warranty shall not cover any labor expended or materials used to repair any equipment without manufacturer's prior written authorization.

LIQUIDATED DAMAGES:

Contractor shall be required to pay Owner as liquidated damages the sum of \$200 for each day, after the scheduled completion date, that the project is unfinished.

PAYMENT:

Application for payments dated on or prior to the 25th of the month, shall be made by the 15th of the following month. Application for payments dated after the 25th of the month, payment shall be made within 30 days.

BID:

The following universal specifications are being used as a guideline. Alternate bids for equal equipment **will be considered**. Substitutions or major alternations must be indicated upon the proposal sheet at the time of the bid submission.

Bids must be based upon conditions at the site and these specifications. Bids shall be submitted in accordance with the requirements shown on the bid form.

BID EVALUATION CRITERIA:

Contractor selection on this project will be evaluated based on the following:

- A. Price.
- B. Contractor reputation for quality of work with current customers or past performance with District 25. (Please list all door replacement and window projects/contracts greater than \$5,000 performed in the past two years if contractor has not performed one for the District in past 5 years).

DELIVERY AND START OF WORK:

The time frame for door replacement to be completed is between **June 5, 2017 and July 31, 2017**.

IDAHO EMPLOYER ALCOHOL AND DRUG-FREE WORKPLACE ACT:

Include with your bid sheet a contractor's affidavit pursuant to Idaho Code, Section 72-1717.

BIDDER CERTIFICATION FORM: Include with your bid sheet.

REQUIREMENT FOR REPLACEMENT OF DOORS PRELIMINARY REQUIREMENTS:

- A. Obtain permit from the City Building Department.
- B. Be familiar with these requirements.
- C. Contractor is responsible for the cost of any permits, or engineering needed.
- D. Contractor is responsible for implementing and complying with proper procedures for handling any lead based paint that may be encountered while performing tasked within the scope of this project.

CONSTRUCTION REQUIREMENTS:

- A. Remove all old frames and doors. **Owner will determine if parts are salvageable and will become property of the owner.**
- B. Areas shall be cleaned of miscellaneous debris, etc. and hauled away ready for new construction.
- C. Door Frames and Doors shall be primed and painted to School District Specifications.
- D. Removeable Mullions are to be ordered with a prime finish and then painted to specifications by contractor.
- E. All areas around door frames, and window frames shall be caulked.
- F. **All Schools shall be kept secured though out the construction project.**
- G. Each project will be bid as an individual project. Contractors may elect to bid one or all projects.
- H. No smoking on school property.

CONSTRUCTION SPECIFICATIONS:

- A. Selective Demolition:
 - 1. Removal of existing frames, doors as required accommodating new construction.
 - 2. Protection of existing structure, materials, and equipment items indicated to remain.
 - 3. Protect floors with suitable covering when necessary.
 - 4. Provide temporary weather protection, during removal of exterior doors to ensure that no water leakage or damage occurs to structure or interior areas.
 - 5. Remove existing hardware from doors and **offer to Owner for first rights of refusal**. Properly dispose of any remaining hardware not taken by owner.
 - 6. Upon completion of demolition work, remove tools, equipment, and demolished materials from site.
 - 7. Repair demolition performed in excess of that required. Return elements of construction and surfaces to remain to condition prior to start of operations.
- B. Veneer Panels:
 - 1. Veneer Panels shall be as manufactured by Mapes Industries, Inc. Lincoln, Nebraska, and shall consist of a laminated sandwich of tempered hardboard with stucco pattern aluminum skins both sides. Panels shall be bonded under heat and pressure with top quality, permanently elastic neoprene contact adhesive. Panel thickness shall be 1" nominal. Panels shall be installed in extruded aluminum moldings. Panels shall be sealed into moldings with permanently elastic sealants to protect panel edges against water and allow thermal expansion and contraction of the pane.
- C. Joint Sealants:
 - 1. Elastomeric Sealant Standard: Provide manufacture's standard chemically curing, electrometric sealant of base polymer indicated which complies with ASTM C 920 requirements, including those referenced for Type, Grade, Class, and Uses.
 - 2. One-Part Nonacid-Curing Silicone Sealant: Type S, Grade NS, Class 50, and complying with the following requirements for uses and additional joint movement capability.
 - a. One Part Nonacid-Curing Silicone Sealant:
 - (1). Dow Corning 791, Dow Corning Corp
 - (2). Silfruf SCS 2000, General Electric Co.
- D. Joint Sealant Backing:
 - 1. Provide sealant backing of material and type which are non-staining; are compatible with joint substrates, sealants, primers and other joint fillers; approved for application indicated by sealant manufacturer based on field experience and laboratory testing.

E. Steel Doors and Frames:

1. Doors: Flush, hollow or composite construction standard doors for exterior locations.
2. Frames: Pressed steel frames for doors, transoms, sidelights, mullions, and other interior and exterior openings shall be welded unit type.
3. Provide factory primed doors and frames to be field painted.
4. All frames to be factory welded.
5. Prior to ordering frames, doors, accessories, the Contractor shall personally go to each door opening to field measure and verify all existing conditions, noting jamb and head conditions and their trueness, existing masonry condition, and all existing conditions.
6. Contractor shall take into account tolerances necessary for shimming of frames, door closing clearances, expansion of frames, and all other pertinent information.
7. No allowances shall be made for frames, windows or doors of an incorrect size, which are shipped to the project.
8. Manufacturer:
 - a. Amweld Building Products
 - b. Ceco Corp.
 - c. Curries Company
 - d. Fenestra Corp.
 - e. Kewancee Corp
 - f. Mesker Door Co.
 - g. Republic Builders Products
 - h. Steelcraft Manufacturing Co
9. Materials:
 - a. Hot rolled steel sheets and strip: commercial quality carbon steel, pickled and oiled, complying with ASTM A 569 and ASTM A 568.
 - b. Cold Rolled Sheets: Commercial Carbon Steel, complying with ASTM 366 and ASTM A 568.
 - c. Supports and anchors: Fabricate of not less than 18-gauge sheet steel.
 - d. Inserts, Bolts, and Fasteners: Manufacture's standard units. Where items are to be built into exterior walls, hot-dip galvanized in compliance with ASTM A 153, class C or D as applicable.
10. Provide metal doors of SDI grades and models specified below.
 - a. Exterior doors: ANSI/SDI-100, Grade II, heavy-duty, Model 2, seamless design, minimum 0.042 inch (18gauge) steel faces.
11. Provide metal frames with mitered welded corners.
12. Thermal-rated (insulating) assemblies: At exterior locations and elsewhere. Provide doors fabricated as thermal insulating door and frame assemblies and tested accordance with ASTM C 236 or ASTM C 976 on fully operated door assemblies. (U factor of 0.41Btu/(hr x sq ft x deg F) or better.)
13. Reinforce all doors and frames to receive surface applied hardware as per manufacture specifications. Note: Reinforcement in door and frame shall be 10 gauge. Method of attachment shall be drill and tap as per manufacturer's specifications. Reinforcement will include the top of the frame where the top mount for removable mullions will be installed. The doors shall be under sized and reinforced for Roton Hinges as per manufactories specifications. All exterior doors shall have weather proof top cap.
14. Frames are to be anchored with concealed anchors that are welded to the frame and bolted into the jambs.
15. Exterior frames, and frames with Roton Hinges shall be grouted solid, with the exception of channels where wire runs are necessary for electronic card access doors. Contractor to make sure to reinforce jamb prior to placing grout.

16. Contractor shall anchor removable mullion base plates to a flat surface of the concrete floor by lead type expansion (3) anchors not plastic. Contractor shall cut the thresholds around the removable mullions base mount.
17. Contractor shall anchor top mullion mount by drilling and tapping for 1/4 inch bolts.
18. Lower Frame Replacements will need to be welded to existing frame, bonded finished, painted, and attached to the jam with lag bolt and dimpling.
19. Upon completion of installation of new door frame(s), All gaps and seams will be caulked with a rubber silicone caulking.

F. Door Hardware:

1. All doors shall be installed with ALL NEW hardware complete as per the specifications below:

Hardware	Manufacturer	Approved Equals
a. Hinges	McKinney	Lawrence Stanley, Hager
b. Locksets	Marks RAB/26D-F19	No Substitutes
c. Closers	LCN 4040XPHPADKBZ	No Substitutes

G. Glass and Glazing:

1. Provide glass and glazing that has been produced, fabricated and installed to withstand normal thermal movement, wind loading, and impact loading (where applicable), without failure including loss or breakage of glass, failure of sealants or gaskets to remain watertight and airtight, deterioration of glass and glazing materials and other defects or performance. Glazing shall be 1" overall thickness with minimum 3/16" panes tempered.
2. Warranty Period: Manufacturers standard but not less than (10) years after date of substantial completion.
3. Manufacturers of Clear Float Glass:
 - a. Ford Glass Company
 - b. Guardian Industries Corp.
 - c. PPG Industries, Inc.
 - d. Pilkington Libbey-Owens-Ford
 - e. AFG Industries
4. Manufacturers of Heat-Treated and Insulating Glass:
 - a. Cardinal IG
 - b. Ford Glass Division
 - c. Guardian Industries Corp
 - d. HGP Industries
 - e. Pilkington Libbey-Owens-Ford
 - f. PPG Industries, Inc.
 - g. Saint-Gobain/Euroglass

H. Painting:

1. Acceptable Manufacturers: Sherwin Williams
2. Finish exterior doors on tops, bottoms, and side edges same as exterior faces.
3. Sand slightly between each succeeding coat.
4. Provide "wet paint" signs as required to protect newly painted surfaces.
5. Ferrous Metal: Polyurethane Finish (2) finish coats over primer. Primer not required on factory primed items.
6. Color of all metal doors and frames to be "Duct Tape" supplied by Sherwin Williams unless otherwise determined by Owner.

PROJECTS:

Project No. 1 – Chubbuck Elementary School

Exterior Door #1: Lower Frame Replacement (#1).

Cut out and remove rusted out lower legs of the door jamb and replace with new legs.

Project No. 2 – Ellis Elementary School

Interior Doors #1 West Kitchen Entrance from Cafeteria (#21A)

Replace Door Slab only with metal door.

b, j, w

Project No. 3 – Lewis & Clark Elementary School

Exterior Door and Frame #1: West North Corridor (#8)

Metal Doors, frame, and upper windows replacement.

1 each of f, n, o. 2 each of c, d, g, i, j, l, hh, ii.
Glass for windows above doors.

Project No. 4 – Tendoy Elementary School

Exterior Door #1 East Classroom Entrance 5 (#6)

Door and Frame Replacement with metal frame and door.

c, d, f, g, i, j, l, n, hh,

Exterior Door #2 East Classroom Entrance 6 (#7)

Door and Frame Replacement with metal frame and door.

c, d, f, g, i, j, l, n, hh,

Project No. 5 – Washington Elementary School

Exterior Door #1 North East Entrance (#1)

Cut out and remove rusted out lower legs and lower side panels of the door jamb. Replace with new legs and lower side panels.

Interior Doors #2 Boiler Room Entrance (Lower Interior Level)

Replace existing door slab with 40x86 Fire Rated door slab.

b, k, l, w

Project No. 6 – Highland High School

Exterior Door #1 B Building North Center Entrance (#4)

Cut out and remove rusted out lower section of the mulion and replace with new lower section.

Exterior Door #2 D Building North Center Ag. Entrance (#8)

Cut out and remove rusted out lower legs of the door jamb and replace with new legs. Replace with metal door slab.

d, f, g, i, j, k, l, n

Exterior Door #2 D Building South Band Room Entrance (#16)

Cut out and remove rusted out lower legs and lower side panels of the door jamb. Replace with new legs and lower side panels.

Project No. 7 – Alameda Middle School

Exterior Door #1 Northwest Entrance (#10)

Cut out and remove rusted out lower legs of the door jamb and replace with new legs.

Exterior Door #2 East Gym South Entrance (#3)

Cut out and remove rusted out lower legs of the door jamb and replace with new legs.

Project No. 8 – Franklin Middle School

Exterior Door #1 Modular A5 (#13)

Replace with metal door and frame.

c, d, f, g, i, j, l, n, hh, ii

Exterior Door #2 Modular A6 (#14)

Replace with metal door and frame.

c, d, f, g, i, j, l, n, hh, ii

Exterior Door #3 Modular A7 (#15)

Replace with metal door and frame.

c, d, f, g, i, j, l, n, hh, ii

Project No. 9 Maintenance Shop

Exterior Door #1 North Entrance (#1)

Replace with metal door and frame.

c, d, f, g, i, j, l, n, hh, ii

BIDDER CERTIFICATION FORM

1. **Debarment and Suspension** – In submitting this bid proposal, we hereby certify that we have not been suspended or in any way excluded from Federal procurement actions by any Federal Agency. We fully understand that if information contrary to this certification subsequently becomes available, such evidence may be grounds for non-award or nullification of a bid contract.
2. **Anti-Collusion** – In submitting this bid proposal, we hereby certify this proposal was developed and prepared without any collusion with any competing bidder or District employee. The content of this proposal has not been disclosed to any competing or potentially competing bidder prior to the proposal due date and time. Furthermore, no action to persuade any person, partnership or corporation to submit or withhold a bid has been made.
3. **Anti-Lobbying** – In submitting this bid proposal, we hereby certify that to the best of our knowledge and belief, no appropriated Federal funds have been paid or will be paid by or on behalf of person associated with this proposal to any person for influencing or attempting to influence and officer or employee of any agency, a member of Congress, an office or employee of Congress or an employee of a member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement and the extension, continuation, renewal, amendment or modification of any Federal contract, grant, loan or cooperative agreement.
4. **National Sexual Offender Registry** – In submitting this bid proposal, you certify to the District that your company will prohibit any persons in your employ who are registered or required to register under the Idaho Sex Offender Registration Act from participation in company business with the District if such participation would require them to be present on school property. You certify further that you have cross checked such employees against the National Sex Offender Registry found at the following web link: <http://www.nsopr.gov/>
