Section 12(n) to the NSLA (42 USC 1760(n)), requiring school food authorities (SFAs) to purchase, to the maximum extent practicable, domestic commodity or product.

The Buy American provision (7 CFR Part 210.21(d)) is one of the procurement standards SFAs must comply with when purchasing commercial food products served in the school meals programs.

For *unprocessed foods*, the agricultural commodities must be domestic, and for *processed foods* they must be processed domestically using domestic agricultural food components that are comprised of over 51% domestically grown items, by weight or volume. The following are two limited exceptions when non-domestic foods may be purchased:

- The food or food product is not produced or manufactured in the United States in sufficient and reasonably available quantities of a satisfactory quality; or
- Competitive bids reveal the cost of a United States food or food product is significantly higher than the non-domestic product.

If the above exceptions apply to a food product on your bid proposal, fill out the Exception Documentation Worksheet to be submitted with your bid proposal. Fill out one form for each food item requiring an exception to the Buy American Provision
