

SCHOOL BUS NO IDLING

- 1.0 School bus drivers will shut off bus engines immediately upon reaching destination, and buses will not idle while waiting for passengers in the school yard. This rule applies to daily route travel, field trips, and transportation to and from athletic events. School buses will not be restarted until they are ready to depart and there is a clear path to exit the pick-up area.
- 2.0 The Transportation Supervisor will review a copy of this policy with all drivers at the beginning of every school year.
- 3.0 Exceptions to this policy are granted only when running the engine is necessary to operate required safety equipment or to maintain a safe warm environment for passengers.
