

STUDENT TRANSPORTATION SERVICES

- 1.0 The Board establishes the following priorities in the use of school buses and other transportation equipment:
 - 1.1 Transporting students between their scheduled bus stops and other area schools for pre-approved programs; i.e. special schools, vocational centers, etc.
 - 1.2 Transporting students to and from scheduled or approved athletic contests/events and co-curricular activities.
 - 1.3 Transporting students to and from field trips approved in accordance with school department policy.
 - 1.4 Transporting participants involved in Community Services sponsored programs or events.
- 2.0 Transportation equipment used for programs and events as listed in 1.4 above will require the payment of the actual cost for the use of the equipment as determined by the Director of Business Operations.
- 3.0 School transportation equipment will not be utilized for private or personal purposes.
