

STUDENT FEES

Student fees will be required for all extra-curricular programs at the high school, middle school and intermediate school for which the school department approves the coach's/advisor's stipend. The only exception will be for service or recognition organizations as determined by the administration.

- A. Any student who fails to pay this fee, and/or fails to seek a waiver will be excluded from participation in the program. Students that qualify for free and reduced lunch will be exempt from paying the fee.
  
- B. The only exception will be when activities are an essential component of a special education student's Individual Education Plan (IEP) or when the administration grants a waiver because of financial need.

The Superintendent of Schools and/or his/her designee will be responsible with developing administrative procedures to implement this policy.

The Board will approve the fees on an annual basis.
