CAPITAL & ADMINISTRATIVE BUDGET

2022-2023 Budget Summary

The Wayne-Finger Lakes Administrative Budget covers central management costs including: The Board of Education; Central Administration; Business Services and Human Resources. Education Law mandates that the BOCES Administrative Operations Budget includes certain expenses, including: interest expense incurred by Wayne-Finger Lakes BOCES, legal costs, retiree health insurance premiums and Medicare Part B reimbursements. All component districts pay a share of the Administrative Operations Budget using the Resident Weighted Average Daily Attendance (RWADA) method. Each component district's RWADA charge will vary from year to year depending on how their district's RWADA compares to the total of all component school districts.

The total Administrative Budget is \$3,535,487, which is an increase of \$11,536 or .33% compared to the 2021-22 budget. Budget increases included salaries, health insurance premiums, and retirement system contributions. The increases were offset by salary savings realized through retirements and changes in health insurance elections made by employees. Consistent with prior years, the retirement systems' contribution rates were set slightly below anticipated with the expectation that retirement system reserves would be utilized as necessary.

The Rent and Capital budget increased \$27,609 or .69% when compared to the prior year. The increase was attributable to additional instructional space utilized in multiple districts.

Revenue from other sources including cross contracts and interest were reduced to align projections with actual. The reduction in revenue combined with the increase to budgets resulted with increased costs to districts of approximately \$172,000 or 2.9%.

Programs & Services: **CAREER & TECHNICAL EDUCATION**

Career and Technical Education programs provide junior and senior students in the Wayne-Finger Lakes region an opportunity to achieve high academic and technical skills. Our programming offers individualized courses and provides students an opportunity to acquire technical skills, which are transferable to college or the workplace. We continue to ensure relevant programming by maintaining strong partnerships with the business community, achieving national certifications in a number of programs, focusing on school improvement through the High Schools That Work (HSTW) model and achieving New York State Program Approval for our programs. Students have the opportunity to graduate with a technical endorsement on their high school diploma if they successfully pass an industry based technical assessment and successfully complete an approved technical and career program. The Wayne-Finger Lakes BOCES Career and Technical Instructional programs are available at Wayne Technical and Career Center in Williamson, and Finger Lakes Technical and Career Center in Stanley.

Programs & Services: **ITINERANT SERVICES**

Itinerant Management Services provide component districts support and efficiencies by providing BOCES staff through a shared service, who typically support two or more school districts. The itinerant service enables component districts to increase their service offerings without adding the expense of a full-time position. These services are directly billed to the participating districts. An initial offering of specific personnel is based on final request data for the upcoming year. However, requests for shared itinerants can occur throughout the year. By utilizing the itinerant services, our region supports the growth of our regional capacity and collaboration while promoting the primary purpose of a BOCES by offering cost-saving benefits to our component districts.

Currently, Wayne-Finger Lakes BOCES offers the following itinerant staff to support instruction: English as a New Language, Speech Therapy, Physical Therapy, School Psychology, Foreign Languages, Guidance Counselors, and Clinical Support, to name a few. Other services of a support nature and shared management services include: School Lunch Managers, Transportation Supervisors, Facilities Directors, Centralized Business Office supports (CBO), HVAC-R Services, Energy System Services and Family Counseling Supports.
