To be eligible to participate in an Association Contest, a student shall meet all of the following criteria:

Regular attendance is defined as actual physical presence in the building (bricks and mortar). **A home school student is not eligible to participate for an MHS A member school.**

Exception: students who are enrolled and participating in a transformational learning program in their school that meets a district's proficiency-based learning requirements pursuant to the adopted policies of the local school board is exempt from the ten hours per week bricks and mortar requirement.

***Exception – Non-public or home school students who meet the requirements of 20-5-109 can participate in MHS A member school extra-curricular activities with the following stipulations:***

- 2) The same rules of the MHS A apply including age, semesters, and academics (see #3).***
- 3) The academic eligibility for extracurricular participation for a student attending a nonpublic school must be attested by the head administrator of the nonpublic school. The academic eligibility for extracurricular participation for students attending a home school must be attested in writing by the educator providing the student instruction with verification by the MHS A school principal. Academic eligibility includes provisions 2.2, 2.3 and 2.4.***
- 4) The student may only participate in the school in the student's attendance area and cannot transfer.***

- 2.2 A grading period is defined as one semester. A semester is defined as one half of a school year (approximately 18 school weeks or 90 school days). This definition is applicable to all schools regardless of the type of class scheduling format utilized (i.e. block, traditional, trimester etc.).
- 2.3 A student must have received a passing grade and received credit in at least twenty periods of prepared class work or its equivalent in the last previous semester, at the school where the student participates; except that any ninth grade student enrolled and attending any junior high, in the same school system as the senior high school, may be eligible to participate on that senior high school's athletic teams. If the school prohibits participation by ninth grade students, this action by the local school will not be subject to review by the MHS A or its Executive Board.

- 2.6 In the case of two or more schools entering into a cooperative sponsorship of activities, a student enrolled as a student and otherwise satisfying eligibility requirements would be eligible to participate in any activity sponsored by the school, regardless of whether the activity is sponsored only by the school or in conjunction and cooperation with another school, without being in violation of Article II, Section 2.
- 2.7 No student may establish eligibility concurrently at two member schools and nonpublic school. Dual enrollment is not recognized for the purpose of eligibility in MHS A activities. ***A home school or nonpublic school student who participates at a MHS A member school is not eligible to concurrently participate in the same sport/activity that he/she participates in at the member***

***school in any other league (nonpublic or home school). This provision protects member schools and nonpublic and home school leagues regarding dual participation.***

- 2.8 This rule is not applicable to IDEA '04 and Section 504 students when their individual education plans (IEP) under IDEA or their educational accommodation plans under Section 504 certify that the students are not required to meet this minimum academic to have passed 20 hours of prepared work per week. However, all students must be enrolled in twenty hours per week and in regular attendance in ten hours per week. Special education or Section 504 certification that the student is not required to meet the minimum academic requirements may not be enacted retroactively (after grades have been assigned at the end of the previous semester).
