Activity - Credit Recovery Programs	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Students that have failed a required course or are lacking in elective credits to graduate are provided the opportunity to obtain needed credits through enrollment in Graduation Success or EXTRA classes. Graduation Success Classes allow students to utilize a Computer Based Curriculum program to complete courses to earn credits and can be taken in lieu of an effective course. The GSA option allows students the opportunity to earn more than one credit during an allotted period depending on the effort provided by the student. EXTRA classes are offered during our Zero (0) period and instructed by content area teachers. These classes provide targeted interventions that focus on skills that the students may lack that prevent their academic success. Activity - ROAR Program	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
This year we have added a new Study Zone class called ROAR. This intervention class serves to offer intense support to our students who show signs of extreme high risk for failure or dropping out of school. Mr. Lyons will refer students who begin to frequently have discipline issues. Students who get their second office referral for ACP or reach 15 break detentions will be referred to Mr. Elliot and Mrs. Lane and the student's Study Zone will be changed to ROAR regardless of what Study Zone class they are in (even Excel and Extra). Mrs. Erwin will monitor at risk students through attendance. Any student that receives a third unexcused absence will be referred to Mr. Elliot and Mrs. Lane and that student's Study Zone schedule will be changed to ROAR. The counselors will do the schedule changes in collaboration with Mr. Elliot and Mrs. Lane. Once students are in ROAR the goal is to identify the problem and using all available resources and personnel help the student to get back on track and out of ROAR. The primary overall goal of ROAR is to provide our students with the extra support sometimes needed so they can be successful at BCHS. ### Strategy 1:

Career Readiness Preparation- WIN Learning - BCHS will be exploring the possibility to obtain WIN (Worldwide Interactive Network) to prepare our students. WIN Learning is a career readiness web based resource/service, that can assist teachers in preparing students to be successful on KOSSA, WorkKeys, Industry Certifications, COMPASS, KYOTE, or ASVAB. Many high school and technical centers across Kentucky are using WIN Learning and have career readiness numbers above 80% and several 100%. Win Learning is a web based service that helps ensure all learners have the skills to be career and college ready. WIN's Personalized Career Readiness System helps students understand and prepare for the realities of the workplace through personalized learning and relevant career-driven education. The 21st century is already producing the most remarkable and unpredictable leaps in human history. Readiness in tomorrow's economy requires skill and knowledge for the jobs that lie ahead. To be competitive in the global market, America must prepare college and career ready learners and classrooms that empower our workforce with the relevant skills and knowledge to build a smarter, more sustainable economy.

**Strategy 3:**

ACT Prep - All BCBS teachers will create and implement test prep strategies to help prepare our students for the ACT. All areas will implement ACT standards into their curriculum documents and create assessments that assess their students understanding of those standards. We will purchase Study Island for an ACT preparation resource for our students and teachers. ACT rTi will be moved to the senior year. After juniors take the ACT in March of each year, those that meet benchmark will be allowed to take speech, participate in a fitness class, serve as a mentor, help with morning announcements, be an academic tutor, participate in a book club, etc... Those that did not meet benchmark on the ACT in one or more areas would be targeted with intervention based on their career path and ACT results. This would be done as follows:

§ A student really close to meeting benchmark on the ACT in one or more areas would be placed into Excel (ACT) and the teacher assigned to this class would work with the senior counselor to get the student registered for the ACT again as a senior and then provide the rTi instruction needed to get them to benchmark.

§ A student not close to benchmark on the ACT would be targeted for KOSSA, WorkKeys, KYOTE, or ASVAB and placed into one of those Excels based on their career path and the possibility of being a completer. The teacher of these classes would work with the vocational counselor to schedule appropriate testing for these students in the appropriate area and provide the rTi instruction needed for the student to "pass" the appropriate career ready assessment.

Science Targeted Tutoring	A list of sophomores has been attained from the Guidance Department. The Science department will go through each student and discuss how well we think each student will perform (Novice, Apprentice, Proficient, or Distinguished) on the Biology EOC. We will identify students that we feel are on the cusp of being Apprentice and those that we feel are on the cusp of being Proficient. From that list, we are going to identify the students that we feel will work to become Apprentice or Proficient if given the extra help and incentive. The list will be given to Mrs. Porter, Mrs. Crockett, and Mr. Prater to try to get those students assigned to Ms. Anderson's Study Zone next semester. Ms. Anderson will work with those students to help them achieve highest potential. Students will be rotated through the program in two-week intervals. The Science department will come up with an incentive program to keep all parties motivated.	Tutoring	01/02/2016	12/30/2016	\$0	Science Teachers and BCBS Leadership
Targeted Test Prep	Teachers in each program will target students for extra assistance with KOSSA, Workkeys or ASVAB. Credit Recovery Programs	Students that have failed a required course or are lacking in elective credits to graduate are provided the opportunity to obtain needed credits through enrollment in Graduation Success or EXTRA classes. Graduation Success Classes allow students to utilize a Computer Based Curriculum program to complete courses to earn credits and can be taken in lieu of an effective course. The GSA option allows students the opportunity to earn more than one credit during an allotted period depending on the effort provided by the student. EXTRA classes are offered during our Zero (0) period and instructed by content area teachers. These classes provide targeted interventions that focus on skills that the students may lack that prevent their academic success. In- Class ACT Prep	Every student in English III classes will be taking a benchmark assessment by the end of the year in both Reading and English. EXCEL will begin using Study Island as a supplemental resource for individual study on specific skills.	Academic Support Program	12/01/2015	12/30/2016	\$0	All English/Language Arts Teachers
Operation Preparation	The BCHS Operation Preparation program has been revamped for the 2015-2016 school year. Sophomore students completed career interest surveys in October so that career prep and mentoring sessions will be more aligned with the student's career goals. Career Mentoring sessions and BCHS Career Fair is scheduled for February 2016.	Career Preparation/Orientation	12/01/2015	02/29/2016	\$0	All School Staff District Personnel
Expanded Membership	Our CTE program will offer invitations to obtain a more diverse membership to our CTE Advisory Council to the following stakeholders: District Administration; Post-Secondary Representatives; Students; Parents; YSC Coordinator; and other interested representatives.	Academic Support Program	07/01/2016	12/30/2016	\$0	CTE Coordinator
EOC Test Prep for US History	We will create quizlet reviews of the most important facts in US History that they will need to remember. We are in the process of creating the most important facts ~500 to allow the students to review continually for the EOC since US History is so factually based. ROAR Program	This year we have added a new Study Zone class called ROAR. This intervention class serves to offer intense support to our students who show signs of extreme high risk for failure or dropping out of school. Mr. Lyons will refer students who begin to frequently have discipline issues. Students who get their second office referral for ACP or reach 15 break detentions will be referred to Mr. Elliot and Mrs. Lane and the student's Study Zone will be changed to ROAR regardless of what Study Zone class they are in (even Excel and Extra). Mrs. Erwin will monitor at risk students through attendance. Any student that receives a third unexcused absence will be referred to Mr. Elliot and Mrs. Lane and that student's Study Zone schedule will be changed to ROAR. The counselors will do the schedule changes in collaboration with Mr. Elliot and Mrs. Lane. Once students are in ROAR the goal is to identify the problem and using all available resources and personnel help the student to get back on track and out of ROAR. The primary overall goal of ROAR is to provide our students with the extra support sometimes needed so they can be successful at BCHS. EXCEL Classes	<p>We will purchase Study Island for an ACT preparation resource for our students and teachers. ACT rTi will be moved to the senior year. After juniors take the ACT in March of each year, those that meet benchmark will be allowed to take speech, participate in a fitness class, serve as a mentor, help with morning announcements, be an academic tutor, participate in a book club, etc... Those that did not meet benchmark on the ACT in one or more areas would be targeted with intervention based on their career path and ACT results. This would be done as follows:</p> <p>§ A student really close to meeting benchmark on the ACT in one or more areas would be placed into Excel (ACT) and the teacher assigned to this class would work with the senior counselor to get the student registered for the ACT again as a senior and then provide the rTi instruction needed to get them to benchmark.</p> <p>§ A student not close to benchmark on the ACT would be targeted for KOSSA, WorkKeys, KYOTE, or ASVAB and placed into one of those Excels based on their career path and the possibility of being a completer. The teacher of these classes would work with the vocational counselor to schedule appropriate testing for these students in the appropriate area and provide the rTi instruction needed for the student to "pass" the appropriate career ready assessment.</p> <ul style="list-style-type: none"> <li>o Excel (KOSSA)</li> <li>o Excel (WorkKeys)</li> <li>o Excel (KYOTE)</li> <li>o Excel (ASVAB)</li> </ul>	Academic Support Program	03/01/2016	03/07/2017	\$0	BCHS Administration and BCCH Teachers
EXCEL	<p>We will change our EXCEL practices to focus attention on those units of study that frequently get left out of the Algebra 2 classes due to time constraints. Our units of study will be Sequences &amp; Series and Data Relations, Probability &amp; Statistics. We will be focusing on the students who are assigned to our EXCEL classes during Study Zone time for the EOC, COMPASS, and ACT.</p>	Academic Support Program	01/02/2016	03/02/2017	\$0	Math Department

Enhance Understanding of RtI	Teachers will receive training as to how to understand our academic and gap data for our students including the number of students scoring novice. Also, teachers and leadership will be trained on the multi-tiered system of interventions (Study Zone) to ensure a common message of purpose and expectations. This training will include analyzing the data on the current intervention system and usage (i.e. PASS usage).
