

Bath County High School

School Based Decision Making Policy

Policy Topic Description:

Emergency Management Policy

Council Policy Type (Check One):

- By-Laws (Council Operations Policies)
- Function (School Operational Policies)

Policy Number:

15.01

Policy Statement:

The principal, in consultation with parents, teachers, other school staff, and local first responders, will collaboratively develop the school's emergency management plan as a way to develop and document efforts to prevent, mitigate, prepare for, respond to and recover from emergencies. The emergency management plan will include procedures for fire, severe weather, earthquake, and building lockdown as specified in Kentucky statutes and regulations. The plan, which must be adopted by the council and implemented, will include, but not be limited to:

- Establishment of primary and secondary evacuation routes which must be posted in each room by each doorway used for evacuation;
- Identification of severe weather safe zones that have been reviewed by the fire marshal/fire chief, which must be posted in each room;
- Practices for students to follow in an earthquake;
- Development and adherence to access control measures for each school building, which may include (but not be limited to):
 - o Controlling access to exterior doors during the day
 - o Controlling front door access electronically or with a greeter
 - o Controlling access to individual classrooms
 - o Requiring visitor check-in with identification and purpose provided, and
 - o Display of visitor's badge on outer clothing
- Practices for students to follow in case of fire that are consistent with administrative regulations of the Department of Housing, Buildings and Construction.
- Procedures for lockdown of the building/campus

Local law enforcement shall be invited to assist in establishing lockdown procedures. Following adoption, the emergency plan and diagrams of the facilities will be provided to appropriate first responders. First responders, for the purpose of this policy, include local fire

Policy Statement (Continued):

personnel, local county and/or state police personnel, and emergency medical personnel. Due to the need to maintain student and staff safety and security, the emergency plan and diagram of the facility will not be disclosed in response to any Open Records requests.

Prior to the first instructional day of school, the principal, or designee, will present and review all emergency procedures with all staff. Documentation including the time and date of the review will be kept on file at the school with a copy sent to the district office to document completion. Documentation may include methods such as a sign-in sheet that includes the printed name of each staff member (all certified and classified staff), the signature of the staff member and the date and time of the review. Within the first thirty (30) instructional days of the school year and again during the month of January, the school will conduct one (1) severe weather drill, one (1) earthquake drill, and one building lockdown.

Fire drills will be conducted in accordance with timelines, procedures and requirements outlined in the DHBC regulations. Whenever possible, first responders shall be given notice of possible drills and invited to observe. The principal or designee is responsible for ensuring the implementation of these drills and reporting completion and problems noted during the drill to the school council and to the district central office for any remedial action needed.
