School Based Decision Making Policy

Policy Topic Description:
Program Appraisal

Council Policy Type (Check One):
 By-Laws (Council Operations Policies)
 Function (School Operational Policies)

Policy Number:
12.03

Policy Statement:
All programs at Bath County High School shall contribute to the future success of our students while also helping our students increase their performance as measured by the state assessment system. Programs may contribute directly or indirectly to success on the state assessment system. Our school shall consistently and diligently work to improve each program and ensure that the program meets state standards. Upon request of the school council, the principal (or his/her designee) shall provide relevant data and discussion on the effectiveness of a certain program and the degree to which that program is contributing to increased student performance on state assessments.

Any problems or deficiencies in any program shall be addressed through the Comprehensive School Improvement Planning process and outlined progress shall be monitored through implementation and impacts checks. Any actions taken by the school council or principal related to a program shall be consistent with state laws and regulations as well as applicable local school board policies.
