CODE OF CONDUCT

BATH CO. MIDDLE SCHOOL CODE OF CONDUCT

The Bath Co. School system believes that discipline is a School -Parent/Guardian-Community responsibility. This code of conduct is structured to ensure that each participant understands his/her responsibility in maintaining order and safety throughout the student population. The school system is responsible for providing and maintaining a school environment conducive to student learning. The Parent/Guardian and Community are responsible for supporting the school in the creation of a safe learning climate. The students are responsible for maintaining this learning environment by self-discipline. The code establishes guidelines, rules, and disciplinary procedures, which follow due process and protect each student's right to an education.

Description

The Bath County Middle School discipline code is a behavior/academic leveling system that encourages students to work for and/or keep their privileges. The system is divided into 6 levels with school rules, discipline measures, and privileges assigned to each (See charts on last page of section.) The rules and disciplinary measures are aligned with the Bath County Schools district-wide discipline code. Privileges are listed by level on the charts. Teams are encouraged to provide as many privileges as possible in order to maintain an incentive for positive behavior and good grades.

Overview

Each student begins the year at Level 5 and must work to maintain that level. Level 6 is reserved for students with Level 5 behavior plus honor roll status. Students may move to Level 6 at midterm when the first grade reports are issued. Thereafter, students who attain "honor roll" status at the midterm or end of a nine weeks grading period, will move up one level from their current level, level 6 being the highest. At any time, a student may fall from Level 5/6 status if their behavior does not remain at the appropriate level. [Example: A student on level 6 receives a discipline slip for accumulating 3 tardies to a class. The student drops to level 4.]

Teachers will report infractions to the administration. The principal or assistant principal will assign students to lower or higher levels within the system, if warranted. The first review in order to move students up a level will take place at the end of the first two weeks, provided the student has maintained appropriate behavior for the previous two-week period. Thereafter, a review will take place every two weeks (for behavior) and each grade report period (for academics).

The two-week count for leveling review for individual students will begin on the date of the infraction. For homework violations and lack of materials violations, the date of the third violation will begin the count; and, for tardiness to class, the date of the third tardy will begin the count.

Each teacher will keep records on students in their classes and report disciplinary infractions to the administration in writing. The administration will receive discipline slips from the teachers on a daily basis and will then report any changes in level to the teachers.

The teacher will refer major offenses and repetition of minor offenses to the assistant principal and/or principal. Levels will be adjusted by the principal/assistant principal for repetitive minor infractions and major infractions, such as fighting, skipping detention, and chronic tardiness to class.

All students at Bath County Middle School are expected to follow the standards of acceptable academic honesty. Any breach of academic honesty will be dealt with in a serious manner. Academic dishonesty is defined as, but not limited to copying, cheating, turning in work other than a student's own, turning in work in someone else's handwriting, plagiarism, assisting in other students' academic dishonesty, or the knowledge of the above offenses without reporting it. Any student who is believed to be in breach of the standards of academic honesty, after an investigation, is subject to disciplinary action.

Aggression/Assault

Any physical attack of one pupil or a group of pupils upon another pupil or others who do not wish to engage in the conflict will be considered assault. Any provocation (verbal or physical) may be considered a mitigation of the charge. A pupil who finds himself/herself the victim of aggression or an assault has a right to defend himself/herself against the attack and use such force in defense as may be deemed reasonable.

Consequences:

1st Offense: Three to Ten (3 -10) days out-of-school suspension. Students (parents) may be required to participate in a diversion program. A contract will be signed (See 09.423 AP.2) should parents and students be required to attend and complete this diversion program. **Parents/guardians must attend this program with the student.** During or at the end of the suspension he/she along with the parent/guardian must have a conference with the counselor, principal, and/or superintendent. If there is a suspicion or discovery of drugs, alcohol, or synthetics, law enforcement will be contacted.

2nd Offense: The student shall be suspended out of school and a recommendation for expulsion or alternative placement will follow.

- ***Drug Distribution and Trafficking***

The distribution of an alcoholic beverage, illegal drugs, or substance represented or believed to be a controlled illegal substance will not be tolerated.

Bus Disruptions

Disruptive occurrences on bus for which a student is referred to the principal or assistant principal will result in level drops and consequences as outlined in the discipline level charts. Parents of students who are suspended from school transportation will be responsible for their child's transportation to school. Students who are absent during the bus suspension will be marked unexcused.

Repeated behavior infractions while riding a school bus may result in permanent suspension of transportation privileges. In cases where destruction of property has taken place, restitution may be applied.

Bullying/Harassment

It is the intent of all BCMS staff to create and maintain a school environment where students feel safe.

Therefore, student acts of bullying and/or harassment witnessed by staff members or students (or reported to staff members) should be referred to the principal or assistant principal for investigation. Upon completion of an investigation the administration will take appropriate action.

Definition of bullying: repeated intimidation of others by the real or threatened infliction of physical, verbal, written, electronically transmitted (email, Facebook, texting, etc.), or emotional abuse, or through attacks on the property of another person. It may include, but not be limited to, actions such as verbal taunts, name calling, and put-downs, including ethnically-based or gender-based verbal put-downs, and extortion of money or possessions.

Disruptions are any continuous minor problems (i.e. gum, failure to complete assignments, not following directions/ rules, etc.) Classroom disruptions should be handled in a progressive manner. For the first offense a student is issued a warning. On the second offense the teacher conferences with the student and a parent contact is made. On the third offense, a detention is issued and reported to the principal or assistant principal. Only severe disruptive behavior should be sent to the office (with a completed discipline referral and a phone call to the office).

Disorderly Conduct

Disorderly conduct shall include inappropriate language (written, verbal, or nonverbal), pornography (including visiting inappropriate Internet websites), obscene behavior and/or behavior, which is destructive or disruptive to the educational process for the school.

Electronic Devices

Because electronic devices are part of today's culture, Bath County Middle School embraces the use of handheld devices for instructional purposes at the teacher's/administrator's discretion and under teacher/administrator supervision. Students who use their own electronic devices must adhere to the district's acceptable use policy. Otherwise, the use of electronic devices by students during the school day is prohibited (including hallways, restrooms, and transitions). If students become ill or in case of emergency, students should report to the nurse/office, rather than making phone calls or texts on their cell phones. Bath County Middle School is not responsible for lost or stolen devices. Please refer to the district policy for further information about the use of electronic devices. - C. Unwelcome pressure for dates
- D. Unwelcome sexual teasing, jokes, remarks or questions

If someone indicates that a certain behavior is unwelcome, that behavior must cease. If it is unclear to a student whether certain of his or her actions might be perceived as sexual harassment, the student needs to refrain from doing them. Uncertainty is no excuse for conduct, which undermines the educational environment. If any student feels that he or she is being sexually harassed, advise the offending person that the conduct is unwelcome and request that it stop. If the harassment persists, the complaint should be taken to a teacher or the designated person (counselor or principal) to handle sexual harassment allegations.

CORPORAL PUNISHMENT

MAY BE USED IF DEEMED NECESSARY BY THE ADMINISTRATION

The following is the Bath County Board of Education's policy on corporal punishment:

Due to a necessity to authorize methods of discipline under certain circumstances, the Bath County Board of Education has established corporal punishment as a means of discipline by administrators at the school level in order to give the student an alternative to punishment, which would deprive him/her of attendance in school.

Definition – Corporal punishment is defined as, and limited to, punishment administered with an appropriate instrument (a paddle) to the buttocks of a student a maximum of five (5) times. When such corporal punishment is administered to a student, it shall be administered in a reasonable manner, taking into consideration the age, size, emotional condition and health of the student.

Who Can Administer? Corporal punishment, as defined herein, shall be administered by the Principal or Assistant Principal only. Such corporal punishment shall be administered in the presence of another member of certified staff.

Application:

- A. Corporal punishment may be administered to a student in lieu of giving him/her short-term suspension or alternative classroom placement for violation of school regulations (any level I, II or III behavior as described in the District student discipline code handbook).
- B. Prior to administering corporal punishment the Principal / Assistant Principal shall advise the student of the particular misconduct of which he/she is accused as well as the basis for such accusation. The student shall be given an opportunity to explain his/her version of the facts prior to the implementation of corporal punishment.
- C. Official witnesses shall be informed beforehand and again in the student's presence of the reason(s) for the use of corporal punishment.
- D. Corporal punishment shall not be administered in the presence of other students.
- E. A record of each incident of corporal punishment shall be kept which shall include the name of the student, date, details of the behavior violation, name of the person administering punishment, and the witnesses thereto.
- F. The Principal/Assistant Principal shall notify the parents/guardians of the student of the behavior violation and punishment. This notification may be verbal (via phone) or written (copy of the discipline referral).

Distribution of Policy: A copy of this resolution and policy shall be distributed to parents and students and shall become a part of the District discipline policy handbook and each school's discipline policy handbook.
